CHRONOLOGICAL FLOWERING SEASONS AT CHERRY HILL

Flowering Shrubs	Mid April to late June
Herbaceous Perennials	Entire season
Flowering Crab Apple Trees	Early May
German Iris	Late May and early June
Hybrid Lilacs	Late May
Azaleas	Late May and early June
Peonies	June
Rhododendrons and Kalmias	Early to late June
Japanese Iris	Mid July
Phlox	Mid July to early October

Cups and Gold and Silver Medals awarded us in recent years.

Highest Award

The Albert C. Burrage Gold Vase, shown above, was awarded Cherry Hill Nurseries for "The Most Outstanding exhibit in any of the shows of the Massachusetts Horticultural Society during 1940." A view of the exhibit is shown below.

Foreword

For over one hundred years the Cherry Hill Nurseries have been engaged in the growing of fine trees and plants. Situated in the fertile Merrimac River Valley, the soil consists of good loam underlaid with clay. This induces a fine, compact root growth and well matured tops.

All stock is freshly dug on orders. This insures our customers getting material that is in the best possible shape to be planted out.

We guarantee all our stock to be true to name and will replace any that proves other than represented or refund the purchase price. Beyond that, we can give no further warranty, as we cannot control planting conditions, weather and aftercare.

All prices for stock are here at the Nursery, and packing on large plants will be charged at cost. We are equipped to make truck delivery throughout New England and the surrounding territory at a cost which in most cases is not greater than the combined cost of packing, freight or express. This is a very satisfactory method as plants are delivered fresh, directly to the planting site.

Due to modern methods of handling, the transplanting season has been greatly extended. Our spring season usually commences the last of March or early April and continues through June during which time almost all plants may be safely moved. Our fall season starts with the planting of evergreens and perennials in late July and deciduous material from October until the ground freezes. Large trees are economically moved in winter with frozen balls of earth.

One to four plants of a single size and variety at the each rate; five to twenty-four at the ten rate; twenty-five or more at the hundred rate when such rate is given. These prices apply to our usual first grade stock, but when a tree or plant of outstanding quality is selected, a special price is charged.

Experienced plantsmen furnished at reasonable prices.

Terms: charge accounts for thirty days' credit may be opened by new customers giving satisfactory bank or trade references, but to those unknown to us, we ask for cash with order. C.O.D. shipments may be made if 25 per cent accompanies the order.

Our Nurseries are open from 7:00 A.M. until 5:00 P.M. and at other times by appointment when courteous, well-trained men will help you select the plants which you wish.

We invite inspection at all times and especially in June during our flower show.

Evergreen Trees

Abies concolor

ROCKY MOUNTAIN FIR

These very hardy firs often attain a height of 80 to 100 feet and make magnificent specimens. The soft glaucous green of the long needles is attractive both summer and winter.

	Each	Per 10	Per 100
2 ft.....	\$2.25	\$20.00	
3 ft.....	3.50		
4 ft.....	5.00		
8 ft.....	16.00		
10 ft.....	22.00		

Tall stately specimens 12 to 25 ft. tall \$30.00 and up.

Chamaecyparis obtusa crippsi

CRIPPS' GOLDEN CYPRESS

An attractive form of slow growth with bright yellow foliage.

2 ft.....	2.50	22.00
2½ ft.....	3.00	27.50

Chamaecyparis o. gracilis

HINOKI CYPRESS

Dark glossy green foliage in rounded obtuse fans. The growth is irregular and very interesting forms are developed.

2 ft.....	2.75	25.00
2½ ft.....	4.00	37.50
3 ft.....	6.00	

Chamaecyparis o. nana compacta

DWARF HINOKI CYPRESS

Very slow in growth with dark green whorls of foliage forming an irregularly rounded head.

6 in.....	3.50	30.00
9 in.....	5.00	45.00

Chamaecyparis pisifera argentea

SILVERTIP CYPRESS

Compact and bushy and of slow growth. The plummy growth is tipped with lighter foliage.

12 in.....	1.25	10.00
18 in.....	1.75	15.00
2 ft.....	2.25	20.00
2½ ft.....	2.75	
3 ft.....	3.50	

Chamaecyparis p. filifera

THREAD-BRANCHED CYPRESS

Long thin drooping branches of bright green foliage. May be used in group planting or as individual specimens.

2 ft.....	3.00	27.50
3 ft.....	4.50	42.50
5 ft.....	7.50	

7 to 10 ft. extra bushy \$15.00 to \$40.00 each.

Chamaecyparis p. plumosa

PLUMED CYPRESS

Dense conical habit with light green feathery foliage. If pruned, it may be kept as a dwarf evergreen for a group.

1½ ft.....	1.35	12.50
2 ft.....	2.00	17.50
3 ft.....	3.00	27.50

Chamaecyparis p. aurea**GOLDEN PLUMED CYPRESS**

Of the same growth as the green form, but the new growth is tipped yellow. Rather slow in growth.

	Each	Per 10	Per 100
1½ ft.....	\$1.45	\$14.00	
2 ft.....	2.00	18.50	
2½ ft.....	2.75	25.00	
3½ ft.....	3.50	32.50	
10 to 12 ft. specimens.....	15.00	135.00	

Juniperus chinensis**CHINESE JUNIPER**

Upright and bushy in growth with bright green needles interspersed with twigs of grayish green.

7 to 8 ft. extra dense sheared specimens	\$12.00 each
8 to 9 ft. extra dense sheared specimens	15.00 each

Juniperus c. columnaris**PYRAMIDAL CHINESE JUNIPER**

A compact upright form holding its green color throughout the winter months.

3 ft.....	2.75	25.00
5 ft.....	6.00	50.00
6 ft.....	7.00	
7 ft.....	8.50	
8 to 12 ft. at \$10.00 to \$15.00 each.		

Juniperus c. pfitzeriana**PFITZER'S JUNIPER**

A very satisfactory plant of spreading growth, attaining a height of three or four feet. The undulating growth gives a delicate, pleasing effect.

15 in.....	2.25	20.00
18 in.....	2.75	25.00
2 ft.....	3.75	35.00
2½ ft.....	4.50	
3 ft.....	6.00	

Larger specimens \$15.00 and up.

Juniperus c. sargentii**SARGENT JUNIPER**

Prostrate habit. The bright green foliage is very attractive as a ground cover.

15 in.....	2.25	20.00
18 in.....	2.75	25.00

Juniperus communis hibernica**IRISH JUNIPER**

A semi-dwarf evergreen with very close and compact growth and upright form. Very popular for formal effects.

2 ft.....	1.50	13.00	
3 ft.....	2.25	20.00	160.00
4 ft.....	3.00	25.00	
5 ft.....	4.00	37.50	

Juniperus depressa plumosa**PLUMED SPREADING JUNIPER**

Especially good for a ground cover as the plants make thick, low carpets. The foliage is bright green, changing to an attractive purple as winter approaches.

15 in.....	2.00	18.00
18 in.....	2.25	20.00
2 ft.....	3.00	
3 ft.....	4.50	

Juniperus excelsa stricta**GREEK JUNIPER**

Broad pyramidal growth but of a dwarf habit. The foliage is a dark bluish green, the tips of the young growth lighter.

	Each	Per 10	Per 100
15 in.....	\$1.80	\$16.00	
18 in.....	2.25	18.00	
2 ft.....	3.00	25.00	

Juniperus horizontalis**BAR HARBOR TYPE JUNIPER**

Low trailing habit with rather silvery foliage. This is a hardy type first found on the coast of Maine.

15 in. spread.....	2.00
18 in. spread.....	2.50

Juniperus sabina**SABIN JUNIPER**

An attractive form of rather dwarf habit, with grayish green foliage. Useful for foundation plantings or any position where a spreading evergreen is desired.

12 in.....	1.50	13.50
15 in.....	2.00	17.50
1½ ft.....	2.50	22.50
2 ft.....	3.25	30.00

Juniperus squamata meyeri**MEYER'S JUNIPER**

Unusual in coloring is this semi-erect evergreen with its intense steel blue foliage. Of dwarf growth.

15 in.....	2.00	17.50
18 in.....	3.00	27.50

Juniperus virginiana**NATIVE RED CEDAR**

The Red Cedar is one of the most picturesque of our native evergreens, varying in form from narrow upright to stately spreading trees.

3 ft.....	2.25	20.00
4 ft.....	3.00	27.50
5 ft.....	4.50	42.50
12 to 20 ft.	\$18.00 to \$75.00 each.	

Juniperus v. glauca**BLUE JUNIPER**

Silvery blue in color with its slender, arching branches. This tree gives a graceful effect in an evergreen planting.

3 ft.....	3.00	27.50
4 ft.....	5.00	45.00
5 ft.....	7.00	65.00
6 ft.....	9.00	

Larger specimens 10 to 16 ft. \$20.00 to \$40.00 each.

Juniperus v. globosa**GLOBE RED CEDAR**

An interesting form of dwarf, slow growth. Foliage bright green.

3 ft. specimens.....	7.50	70.00
----------------------	------	-------

Picea canadensis**AMERICAN WHITE SPRUCE**

Of fast growth and pleasing glaucous green foliage. Trees attain a height of 80 to 100 ft. and if given space, develop into magnificent specimens.

2 ft.....	1.50	
3 ft.....	2.50	22.50
16 to 20 ft. specimens	\$25.00 to \$50.00 each.	

Picea excelsa**NORWAY SPRUCE**

A rapid growing tree with bright green foliage. Will stand shearing well and is useful for windbreaks or hedges.

	Each	Per 10	Per 100
2 ft.....	\$1.50	\$13.50	
3 ft.....	2.50	22.50	
4 ft.....	3.50	30.00	
5 ft.....	5.00		

Picea e. conica**ARROWHEAD NORWAY SPRUCE**

Very slow in growth and of dense symmetrical form. Desirable for planting in limited spaces.

9 ft.....	25.00
10 ft.....	30.00

Picea glauca conica**DWARF ALBERTA SPRUCE**

Unique in their symmetrical conical form. Especially slow in growth, the oldest plants known are scarcely over six feet in height.

2 ft.....	4.00	37.50
2½ ft.....	5.00	45.00
3 ft.....	7.00	65.00
3½ ft.....	9.00	85.00
4 ft.....	12.00	100.00
5 to 7 ft. write for special list.		

Picea pungens**COLORADO SPRUCE**

Fairly rapid in growth with long heavy needles, light green in color. The plants are very hardy and will grow in cold exposed positions.

4 ft.....	4.00
5 ft.....	6.00

Picea p. glauca**COLORADO BLUE SPRUCE**

Selected specimens having distinct silvery blue foliage. The limbs are placed horizontally, giving a rugged character of growth to the tree.

4 ft.....	6.00	
5 ft.....	8.00	
10 ft.....	22.00	200.00
12 ft.....	28.00	260.00
14 ft.....	35.00	325.00

Picea p. kosteri**KOSTER'S BLUE SPRUCE**

These are plants grafted with scions from an especially fine colored specimen, so that they are of uniform coloring and habit.

3 ft.....	6.00	55.00
4 ft.....	8.50	80.00
5 ft.....	12.00	110.00
6 ft.....	15.00	135.00

Picea p. moerheimi**MOERHEIM BLUE SPRUCE**

These are produced from the finest colored plants we have ever seen. Intense, glaucous blue of especially even coloring.

2 ft.....	5.00	45.00
3 ft.....	6.50	60.00
4 ft.....	8.50	80.00
5 ft.....	12.00	110.00
6 ft.....	16.00	150.00
7 ft.....	20.00	180.00

Larger sizes. Prices on application.

Pinus cembra**SWISS STONE PINE**

A delightful form, much resembling our native White Pine but of much slower growth. Broad and bushy in growth and one of the finest for mass or specimen planting.

	Each	Per 10	Per 100
1½ ft.....	\$ 2.50	\$20.00	
2 ft.....	3.50	32.50	\$300.00
2½ ft.....	4.50	40.00	375.00
3 ft.....	6.00	55.00	
4 ft.....	9.00	80.00	
5 ft.....	14.00		

Larger sizes. Prices on application.

Pinus densiflora**JAPANESE RED PINE**

An ornamental tree with spreading branches and dark green foliage. Of rapid growth when young. It often attains a picturesque form with age.

3 ft.....	3.00	27.00
4 ft.....	4.00	35.00

Pinus flexilis**LIMBER PINE**

This form will attain a height of fifty feet, although of medium slow growth. The stout branches form a narrow open pyramid. Foliage glaucous green holding its color well through the winter.

5 ft.....	6.50
6 ft.....	9.00

Pinus montana**SWISS MOUNTAIN PINE**

Spreading, compact plants with bright green needles. The many stems are erect in growth. Very satisfactory for exposed situations.

4 ft.....	6.00	55.00
5 ft.....	9.00	85.00

A border of Cherry Hill Peonies with a background of Hatfield Yew.

Pinus m. mughus**DWARF MOUNTAIN PINE**

One of the most popular of dwarf evergreens. The true type is usually equal in breadth to its height and may be used wherever a slow-growing, hardy evergreen is desired.

	Each	Per 10	Per 100
15 in. spread.....	\$ 2.25	\$20.00	
18 in. spread.....	3.00	27.50	
2 ft. spread.....	3.50	32.50	
2½ ft. spread.....	4.50	42.50	
3 ft. spread.....	6.00	55.00	
4 ft. spread.....	8.00	75.00	
5 to 7 ft. spread	\$10.00 to \$20.00 each.		

Pinus nigra austriaca**AUSTRIAN PINE**

A very hardy Pine of fast growth of broad and spreading habit. Especially good for seashore planting.

3 ft.....	4.00
4 ft.....	5.00
17 to 20 ft.	Prices on application.

Pinus resinosa**RED PINE**

A rapid growing tree with long, dark green needles that make this especially good for a screen or background.

2 to 3 ft.....	2.75	25.00
7 ft.....	8.50	80.00
8 ft.....	11.00	100.00
10 ft.....	14.00	125.00
16 to 20 ft. specimens	\$25.00 to \$50.00 each.	

Pinus sylvestris**SCOTCH PINE**

One of the most picturesque Pines as it ages. The needles are silvery green, combining in a charming manner with the reddish bark. It will grow in dry, sandy land.

2 to 3 ft.....	2.75	25.00
Larger sizes from 10 to 16 ft.	\$15.00 to \$50.00 each.	

Pinus s. watereri**WATERER PINE**

Dwarf form of the Scotch Pine. Its symmetrical growth is compact and bushy. The foliage has a delightful bluish color. Scarce and very desirable.

3 ft.....	8.00
4 ft.....	10.00
5 ft.....	15.00

Pinus thunbergi**JAPANESE BLACK PINE**

This much resembles the Austrian Pine, but is considered even more satisfactory for seashore planting.

2 ft.....	2.50	22.50
-----------	------	-------

Pseudotsuga douglasi**DOUGLAS FIR**

Coming from the Rocky Mountains, this valuable evergreen will withstand cold and wind. The foliage varies from dark green to a pleasing bluish green and large trees make magnificent specimens.

4 ft.....	3.50	32.50
5 ft.....	5.00	45.00
10 ft.....	16.00	150.00
12 ft.....	18.50	175.00

Larger sizes from 14 to 25 ft. \$20.00 to \$200.00 each.

Retinospora (See Chamaecyparis)

Sciadopitys verticillata**JAPANESE UMBRELLA PINE**

A handsome, ornamental tree of narrow conical shape. The long thick needles of glossy green are borne in whorls at the tips of the twigs.

	Each	Per 10	Per 100
1½ ft.....	\$ 4.00	\$35.00	
2 ft.....	6.00		

Large specimens, very rare, write for special list.

Taxus baccata repandens**ENGLISH SPREADING YEW**

Prostrate in habit, this Yew makes a very fine ground cover, especially in shade. The foliage is a dark green. This strain makes plants of full, compact growth.

15 in.....	2.50	22.50	
18 in.....	3.25	30.00	
2 ft.....	4.25	40.00	
2½ ft.....	5.50	50.00	
3 ft.....	8.00	75.00	
3½ ft.....	10.50	100.00	
4 ft.....	14.50	140.00	
5 to 7 ft. specimens	\$16.00 to \$30.00 each.		

Taxus cuspidata**SPREADING JAPANESE YEW**

One of the most adaptable of our evergreens, as it will grow in almost any situation from full sun to dense shade. Broadly spreading in form and very pleasing in color and texture, the red berries enhance its beauty in the autumn. Fine for group or foundation planting.

15 in.....	2.60	25.00	225.00
18 in.....	3.00	27.50	260.00
2 ft.....	4.00	37.50	350.00
2½ ft.....	5.50	50.00	
3 ft.....	7.50	70.00	
3½ ft.....	10.50	95.00	
4 ft.....	14.50	130.00	
4½ ft.....	17.00	160.00	
4½ to 10 ft. extra heavy specimens	\$18.00 to \$60.00 each.		

Taxus c. capitata**UPRIGHT YEW**

The upright form makes most satisfactory hedges, which may be kept trimmed from three feet to as tall as desired. Our large, compact specimens are as fine as may be found.

1½ ft.....	2.25	20.00	185.00
2 ft.....	3.25	28.00	
2½ ft.....	4.00	38.00	
3 ft.....	6.00	57.00	
3½ ft.....	8.00	75.00	
4 ft.....	10.00	95.00	
4½ ft.....	12.00	110.00	
5 ft.....	14.00	135.00	
6 ft.....	16.00	150.00	1350.00
7 ft.....	20.00	180.00	

Extra Heavy Sheared Specimens:

5 ft.....	20.00	180.00	
6 ft.....	25.00	225.00	
7 ft.....	32.00	300.00	
8 to 10 ft. specimens, see special list.			

Taxus c. nana (brevifolia) DWARF JAPANESE YEW

Dark green in color throughout the year. The growth is slow, the limbs are broadly spreading and covered with short twigs. As the plants age, they develop a character seldom equaled.

	Each	Per 10	Per 100
12 in.....	\$ 2.50	\$24.00	
15 in.....	3.00	27.50	
18 in.....	3.75	35.00	\$325.00
21 in.....	4.75	45.00	425.00
2 ft.....	6.00	55.00	500.00
2½ ft.....	9.00	85.00	800.00
3 ft.....	13.00	120.00	
3½ ft.....	18.00	160.00	
4 ft.....	25.00	225.00	

Specimens 4 to 8 ft. Prices on application.

Taxus media hatfieldi**HATFIELD'S UPRIGHT YEW**

A hybrid between the English and Japanese Yews, it has the upright growth of the former and the hardiness of the latter. Many erect stems well clothed with dark green foliage. Unequalled for hedges or wherever a specimen plant may be desired.

15 in.....	2.50	22.50	200.00
18 in.....	3.25	30.00	250.00
2 ft.....	4.50	40.00	360.00
2½ ft.....	6.00	50.00	450.00
3 ft.....	8.50	80.00	700.00
4 ft.....	12.00	110.00	
5 ft.....	18.00	165.00	

Larger specimens. Prices on application.

A Garden planted by Cherry Hill

Taxus m. hicksi**HICKS' UPRIGHT YEW**

Markedly upright in growth and slender in habit. Its hardiness and heavy, dark green color make this Yew especially satisfactory for formal effects.

	Each	Per 10	Per 100
2 ft.....	\$ 3.50	\$30.00	
2½ ft.....	4.50	42.00	\$400.00
3 ft.....	6.50	60.00	550.00
4 ft.....	10.00		

Extra large specimens 5 to 7 ft. See special list.

Thuja occidentalis**AMERICAN ARBORVITAE**

Broad, pyramidal growth of a pleasing bright green color. The stately effect of large plants is seldom surpassed, while the fine texture of the foliage makes an admirable background for the garden border.

2 ft.....	2.00	17.50	150.00
3 ft.....	2.50	22.50	210.00
4 ft.....	3.25	30.00	
5 ft.....	4.50	42.50	
10 ft. extra bushy.....	14.00	130.00	
12 ft. extra bushy.....	17.50	150.00	1350.00
12 to 24 ft. specimens	\$20.00 and up.		

Thuja o. douglasii pyramidalis**DOUGLAS PYRAMIDAL ARBORVITAE**

Dense pyramidal form. The dark green, fern-like foliage is borne on peculiarly twisted branchlets.

3 ft.....	3.00		
4 ft.....	3.75		
10 ft.....	15.00	140.00	
12 ft.....	17.50	160.00	
14 to 18 ft.	See special list.		

Let us plant your outdoor living room.

Thuya o. globosa **GLOBE ARBORVITAE**

Dwarf and globular, this is always popular wherever a low evergreen is desired.

	Each	Per 10	Per 100
12 in. spread	\$ 1.25	\$11.00	
15 in. spread	1.50	13.50	
18 in. spread	1.75	16.00	
2 ft. spread	2.25	20.00	
2½ ft. spread	2.75	25.00	
3 ft. spread	3.75	32.50	\$290.00
4 ft. spread	5.00	45.00	
Specimens 5 ft. and up	\$8.00 to \$12.00 each.		

Thuya o. hoveyi **HOVEY'S ARBORVITAE**

Semi-dwarf, the plants are nearly as broad as tall. The fan-shaped branches are most attractive.

3 ft.	3.50	32.50	
4 ft.	4.50	40.00	
5 ft.	5.50	45.00	

Thuya o. Little Gem **LITTLE GEM ARBORVITAE**

One of the most dwarf of our Arborvitae, the plants seldom attain a height of more than twelve inches, but make broad mounds of light green.

12 in.	1.50	13.50	120.00
15 in.	2.00	17.50	150.00
18 in.	2.75	25.00	225.00

Thuya o. lutea **GEORGE PEABODY ARBORVITAE**

Similar in growth to American Arborvitae, with bright golden foliage.

3 ft.	2.50	17.50	
4 ft.	3.25	30.00	
10 ft.	12.00		

Thuya o. pyramidalis **PYRAMIDAL ARBORVITAE**

Narrow, columnar growth. The foliage is dark green throughout the winter.

2 ft.	1.85	17.00	150.00
3 ft.	2.50	22.50	210.00
4 ft.	3.25	30.00	
5 ft.	4.00	37.50	
9 ft.	9.00	80.00	
10 ft.	11.50	95.00	
12 ft.	14.00	120.00	

Specimens 12 ft. and up \$16.00 to \$35.00 each.

Thuya o. reidi **REID ARBORVITAE**

A compact form, excellent for a hedge or background. Resembles American Arborvitae but of more compact and symmetrical habit.

8 ft.	12.00	110.00	
9 ft.	14.00	130.00

6 ft. clumps.....	15.00	135.00	

Rhododendron wilsoni**WILSON RHODODENDRON**

Compact in growth this is excellent where a low growing form is needed. The small rose-colored flowers bloom in late June.

9 to 12 in.....	2.00	18.50	
12 to 15 in.....	2.50	22.50	

RHODODENDRON HYBRIDS

These plants, in colors from bright crimson and various shades of pink to pure white are among our most striking flowering shrubs. When not in bloom, the dark evergreen leaves give pleasing foliage effects. While many of the hybrids are not suitable as far north as this, we have selected and grown those of *Rhododendron catawbiense* parentage which have proved hardy. Plant in soil with an acid reaction (as is the case in almost all New England) and mulch the surface with leaves or peat so that the roots, which grow near the surface, may be cool and moist during the hot weather. A heavy watering in the late Fall will provide the leaves with sufficient sap to carry them through the dormant winter period.

	Each	Per 10	Per 100
15 in.....	\$2.75	\$25.00	
18 in.....	3.50	32.50

Some of our large Maples the year after transplanting, showing the immediate effect.

MALUS—The Flowering Crab-apples

This group of small trees attaining a height of eight to twenty feet is one of the most satisfactory which we have. They are hardy in northern New England and give a wealth of bloom varying from pure white to bright scarlet in May. In the fall the ornamental small fruit of yellow or red give another season of color which lasts until freezing weather and provides very welcome food for the birds. For specimen sizes and prices of Flowering Crabs, write for special sheet.

Malus arnoldiana**ARNOLD CRAB**

Bushy, spreading habit. Pale pink buds and white flowers, followed by small yellow fruit.

3 ft.....	2.25	20.00

8 to 12 ft. specimens B. & B. at \$10.00 to \$20.00 each.

Malus niedwetziana**RED-VEIN CRAB**

Robust growth; leaves bronze green. Deep rose flowers and large, ornamental dark red fruit.

12 to 16 ft. specimens \$15.00 to \$30.00 each.

Malus parkmani**PARKMAN CRAB**

Slender growth, bearing quantities of semi-double rose-pink flowers.

3 ft.....	2.50
-----------	------

Malus purpurea**PURPLE CRAB**

Reddish leaves, turning to bronze green. The many reddish flowers are succeeded by especially ornamental red fruit.

12 to 15 ft. specimens \$15.00 to \$30.00 each.

Malus robusta**CHERRY CRAB**

Strong and spreading in growth, bearing large white flowers and showy red fruit.

	Each	Per 10	Per 100
3 ft.....	\$ 1.75		
4 ft.....	2.50		
5 ft.....	3.50		

Malus sargentii**SARGENT CRAB**

Dwarf, bushy growth. The masses of small white flowers are followed by dark red fruit, which persists well into the winter.

6 ft.....	7.50		
8 to 10 ft at \$12.00 to \$15.00 each.			

Malus scheideckeri**SCHEIDECKER CRAB**

Small pyramidal tree. Lovely semi-double soft pink flowers and yellow fruit.

3 ft.....	1.75	15.00	
4 ft.....	2.50	22.50	
5 ft.....	3.50	32.50	

Malus spectabilis**CHINESE FLOWERING CRAB**

Slender, compact growth. The semi-double flowers are pink and white. Fruit reddish-yellow.

3 ft.....	2.00	17.50	
-----------	------	-------	--

Malus theifera**TEA CRAB**

Fragrant, delicate pink flowers are borne in great abundance.

3 ft.....	2.00	17.50	
4 ft.....	2.50		
5 ft.....	3.50		

Populus nigra italica**LOMBARDY POPLAR**

Very fast growing tree of upright form. Useful for screens or boundary planting. Our plants are bushy, limbed to the ground.

6 ft. bushy.....	.90	8.00	65.00
8 ft. bushy.....	1.35	11.50	95.00
10 ft. bushy.....	1.75	14.00	125.00
12 ft. bushy.....	2.25	18.00	150.00
14 to 16 ft.....	3.50	30.00	

Prunus pissardi nigra**PURPLE-LEAF PLUM**

A small tree with deep, blackish-red foliage throughout the summer.

2 to 3 ft.....	1.00	9.00	
5 ft.....	2.00	18.00	

Quercus palustris**PIN OAK**

Pyramidal in form with the branches slightly drooping. The fall foliage is brilliant red and yellow.

8 ft.....	3.50	32.50	
10 ft.....	5.00	47.50	
12 ft.....	8.00	75.00	
14 ft.....	12.50		
16 to 25 ft. specimens at \$20.00 to \$45.00 each.			

Make your plantings as early in the spring as possible.

Quercus rubra**RED OAK**

Clean growth and spreading habit make this a very desirable lawn tree. Our Oaks have fine root systems, insuring success in transplanting.

	Each	Per 10	Per 100
12 ft.....	\$ 9.00		
13 ft.....	11.00		
14 ft.....	14.00		
Larger specimens	\$20.00 to \$50.00 each.		

Salix babylonica**BABYLON WEeping WILLOW**

Forms a broad weeping tree, the slender branches sweeping the ground.

6 ft.....	1.50	13.50
-----------	------	-------

Salix elegantissima**THURLOW WEeping WILLOW**

Long pendulous branches give a drooping effect which is very pleasing although the tree is upright in form.

8 ft.....	2.00	17.50
-----------	------	-------

Salix niobe**GOLDEN WEeping WILLOW**

A tree of rapid growth with slender, drooping branches. The yellow bark is very decorative during the winter months.

6 ft.....	1.50	12.50
8 ft.....	2.00	17.50
10 ft.....	3.00	27.50

Salix pentandra**LAUREL WILLOW**

The glossy, dark green foliage makes a very fine background or screen. Does well near the seashore.

3 ft.....	.50	4.50	40.00
4 ft.....	.75	6.50	55.00
5 ft.....	1.00	8.00	70.00
6 ft.....	1.25	10.00	

Larger specimens \$10.00 to \$30.00 each.

Sorbus aucuparia**EUROPEAN MOUNTAIN ASH**

Small trees with dark brown bark and fine foliage. The clusters of scarlet berries are borne in the early fall.

6 ft.....	2.00	
8 ft.....	3.00	27.50
16 to 20 ft. at \$10.00 to \$30.00 each.		

Tilia cordata**LITTLELEAF EUROPEAN LINDEN**

Very desirable for street or avenue planting. Compact, bushy head.

6 ft.....	2.50	22.50
8 ft.....	3.50	32.50
10 ft.....	5.00	

Ulmus americana**AMERICAN ELM**

Tall spreading tree with arching branches. Large specimens are unequalled in effect.

8 ft.....	1.75	16.00
10 ft.....	2.25	20.00
12 ft.....	3.00	27.50
14 ft.....	4.00	
16 ft.....	6.00	50.00
18 ft.....	10.00	
20 to 30 ft. specimens (3 to 6 in. cal.)	\$10.00 to \$40.00 each.	

Deciduous Shrubs

Acanthopanax pentaphyllum ARALIA

Bright green foliage, stems covered with short thorns.

Grows well in shady places.

	Each	Per 10	Per 100
2 ft.....	\$.50	\$4.50	
3 ft.....	.65	6.00	
4 ft.....	.85	7.50	

Aronia arbutifolia RED CHOKEBERRY

Bushy shrub; small white flowers in May followed by bright red fruit.

2 to 3 ft.....	.75	6.50	
----------------	-----	------	--

Azalea arborescens SWEET AZALEA

Clusters of very fragrant white flowers in June. Thrives well in the shade.

1 ft.....	1.75	15.00	
1½ ft.....	2.25	20.00	

Azalea calendulacea FLAME AZALEA

The most colorful of our native Azaleas. The clusters of flowers range from lemon-yellow to fiery-red.

1 ft.....	1.75	15.00	
1½ ft. clumps.....	2.40	22.50	200.00
2 ft. clumps.....	3.00	27.50	250.00
2½ ft. clumps.....	3.75	35.00	
3 ft. clumps.....	4.50	42.50	

Azalea kaempferi TORCH AZALEA

A popular, free-flowering variety of intense coral-pink to flame red. Very attractive as a landscape accent.

12 in.....	1.75	15.00	
15 in.....	2.10	19.00	175.00
18 in.....	2.60	24.00	225.00
2 ft.....	3.25	30.00	275.00
2½ ft.....	4.25	40.00	

Azalea, Louisa Hunnewell Seedlings

The large, single flowers range in color from buff-pink to yellow and orange.

12 in.....	2.00	18.50	
15 in.....	2.50	22.50	

Azalea mucronatum MONGOLIAN AZALEA

Hardy, tall-growing variety bearing delicate rosy-lilac flowers. Blooms very early and makes an attractive display with Forsythia.

1½ ft.....	2.75	25.00	
2 ft.....	3.50	32.50	
2½ ft.....	4.50	40.00	
3 ft.....	5.50	50.00	

Azalea nudiflora PINXTERBLOOM

Tube-shaped flowers of soft rose or flesh pink in clusters in May. Our plants are well budded.

18 in.....	1.75	16.00	
2 ft.....	2.25	20.00	
2½ ft.....	3.00	25.00	
3 ft.....	4.00		

For late spring moving of Shrubs with ball of earth burlapped, see prices on page 39.

Azalea obtusum

Small, shining leaves and rosy-purple flowers. Dwarf and spreading, it is a charming little plant for rock gardens or banks.

	Each	Per 10	Per 100
6 in.....	\$1.00	\$ 9.00	
9 in.....	1.50	12.50	
12 in.....	1.75	15.00	

Azalea poukhanensis**KOREAN AZALEA**

Spreading growth, semi-evergreen. The large rose-purple flowers appear very early.

12 in.....	1.90	17.50	
15 in.....	2.25	20.00	
18 in.....	2.75	25.00	
2 ft.....	3.50	32.50	

Azalea rosea**ROSE-COLORED AZALEA**

Clusters of fragrant flowers, varying from light to dark pink.

12 in.....	1.60	14.00	
18 in.....	2.00	18.50	
24 in.....	2.75	25.00	

Azalea schlippenbachii**ROYAL AZALEA**

Exquisite shell-pink flowers of large size are borne in May. The broad ornamental foliage is light green, turning deep red in the fall.

9 in.....	1.50	13.50	
12 in.....	2.50	22.50	
15 in.....	3.00	27.50	
18 in.....	4.00	37.50	
2 ft.....	5.00	45.00	

Broad, bushy specimens \$5.00 to \$15.00 each.

Azalea vaseyi**SHELL-PINK AZALEA**

Delicate, pale pink flowers appear before the foliage. Leaves have a fall coloring of bright, warm crimson.

12 in.....	1.70	15.00	125.00
15 in.....	2.00	17.50	150.00
18 in.....	2.40	22.50	200.00
2 ft.....	2.90	27.50	260.00
2½ ft.....	3.50	32.50	
3 ft.....	4.25		

Azalea viscosa**SWAMP HONEYSUCKLE**

Clusters of fragrant white flowers in June or July.

2 ft. extra bushy.....	2.25	20.00	
2½ ft. extra bushy.....	2.75	25.00	
3 ft.....	3.25	30.00	

Berberis illicifolia**HOLLY BARBERRY**

Large, bushy shrub with leaves much resembling our native holly. Plant in a protected situation.

2 to 3 ft. bushy B. & B. .	1.75	15.00	
----------------------------	------	-------	--

Berberis koreana**KOREAN BARBERRY**

Attractive broad leaves which color deep red in the autumn. Clusters of bright red, round berries.

2 to 3 ft.....	1.00	8.00	
----------------	------	------	--

Berberis thunbergii **JAPANESE BARBERRY**

Well known and deservedly popular. Useful for low hedges and borders of shrub planting as barriers against dogs. The scarlet fruit persists throughout the winter.

	Each	Per 10	Per 100
12 to 18 in. bushy.....	\$. 25	\$2.00	\$15.00
1½ to 2 ft. bushy.....	.30	2.50	20.00
2 to 2½ ft.....	.45	4.00	
4 to 5 ft.—5 to 6 ft. spread	3.50	30.00	

Berberis t. atropurpurea **RED-LEAVED BARBERRY**

A form of the above with bronzy-red foliage all summer.

18 in.....	.50	4.50	
2 ft.....	.65	5.50	

Buddleia, Charming

A new variety with long spikes of soft pink flowers from August until frost. A valuable addition to our late summer flowers.

Strong plants.....	.60	5.50	
--------------------	-----	------	--

Buddleia, Ile de France **BUTTERFLY BUSH**

Winterkills nearly to the ground but makes a growth of six feet bearing deep, rosy lilac flowers in late summer and fall.

Strong plants.....	.50	4.50	
--------------------	-----	------	--

Calycanthus floridus **SWEET SHRUB**

Bushy shrub with large, dark green leaves and brown, conical blossoms, which give a spicy fragrance when crushed.

2½ to 3 ft.....	.60	5.00	
-----------------	-----	------	--

Clethra alnifolia **SUMMER SWEET**

Dark glossy green foliage and upright spikes of very fragrant, white flowers in late summer. Good in shade.

1½ to 2 ft.....	.50	4.50	
2 to 3 ft.....	.60	5.50	50.00

Cornus alba **RED-BARKED DOGWOOD**

Large spreading shrub with bright red bark in the winter months.

2 to 3 ft.....	.50	4.50	
3 to 4 ft.....	.65	6.00	

Cotoneaster apiculata **POINTLEAF COTONEASTER**

Small pointed leaves and bright red fruit. Dwarf habit.

8 in. spread, potted.....	.95	8.50	
10 in. spread, potted.....	1.50	14.00	

Cotoneaster horizontalis **ROCK COTONEASTER**

Dwarf, spreading growth. The small shining green leaves and the small pink flowers, followed by scarlet berries, are a delight all through the season.

6 to 9 in. potted.....	.85	7.50	
9 to 12 in. potted.....	1.10	9.50	
12 to 15 in. potted.....	1.60	15.00	

Cotoneaster wilsoni **WILSON COTONEASTER**

Medium height with arched, spreading branches. Leaves small and shining green; dark red ornamental fruit.

12 in. B. & B.....	.75	6.50	60.00
18 in. B. & B.....	1.00	9.00	
3 ft. extra bushy B. & B.	2.25		
4 ft. extra bushy B. & B.	3.50		
5 ft. extra bushy B. & B.	5.00		

Cydonia japonica**FLOWERING QUINCE**

The very early blossoms of pink or orange are followed by the large yellow fruit. Useful for a hedge or individual planting.

	Each	Per 10	Per 100
1½ to 2 ft. bushy.....	\$.60	\$5.00	\$40.00

Daphne mezereum**EARLY DAPHNE**

Small shrub, with clusters of rosy-purple flowers along the branches very early in the spring, followed by large scarlet berries.

12 to 15 in.....	.85	7.50	
15 to 18 in.....	1.15	9.50	
1½ to 2 ft.....	1.40	13.00	115.00
2 to 2½ ft.....	1.75	16.00	

Deutzia gracilis**DWARF DEUTZIA**

Small, compact bush with single white flowers in May.

15 to 18 in.....	.50	4.00	35.00
18 to 24 in.....	.60	5.00	45.00

Deutzia lemoinei**LEMOINE DEUTZIA**

Similar to the above but of taller growth.

12 to 18 in.....	.40	3.50	
1½ to 2 ft.....	.55	4.50	
2 to 3 ft.....	.75	6.50	

Dogwood (See Cornus)**Euonymus alatus****CORK-BARKED EUONYMUS**

Very attractive, of symmetrical growth, the limbs are heavily encrusted with corky wings. Foliage light green, turning brilliant red in the fall.

2 to 3 ft.....	1.10	10.00	90.00
3 to 4 ft.....	1.35	12.50	115.00
4 to 5 ft.....	1.70	15.00	

Euonymus a. compacta**DWARF EUONYMUS**

Similar to the above but dwarf in growth. The foliage turns to fiery red.

1 to 1½ ft.....	.70	6.00	
1½ to 2 ft.....	.85	8.00	
2 to 2½ ft.....	1.00	9.00	75.00

Euonymus europaeus

Upright, compact growth. The dark green leaves turn brilliant orange and red in the fall.

2 to 3 ft.....	.65	6.00	
3 to 4 ft.....	.75	6.50	55.00
4 to 5 ft.....	1.00	8.50	75.00
5 to 6 ft.....	1.75	15.00	
6 to 7 ft.....	2.50		

Euonymus yedoensis**BURNING BUSH**

Broad, heavy growth. The autumn foliage is deep red and the clusters of fruit orange and scarlet.

18 to 24 in.....	.50	4.50	
2 to 3 ft.....	.75	6.50	60.00
3 to 4 ft.....	1.00	9.00	
4 to 5 ft.....	1.25		

Forsythia intermedia**GOLDEN BELL**

One of the showiest of our early spring flowering plants with its arching branches of golden yellow.

3 to 4 ft.....	.65	5.50	
4 to 5 ft.....	.90	8.00	

Forsythia intermedia spectabilis**SHOWY GOLDEN BELL**

Bright yellow flowers in very early spring before the foliage appears.

	Each	Per 10	Per 100
2 to 3 ft.....	\$.50	\$ 4.00	
3 to 4 ft.....	.65	5.00	\$45.00
4 to 5 ft.....	.90		

Forsythia suspensa**WEeping GOLDEN BELL**

Long, arching branches are covered with yellow flowers. Very effective when planted on banks.

3 to 4 ft.....	.65	6.00	50.00
4 to 5 ft.....	.85	8.00	
5 to 6 ft.....	1.50		

Forsythia s. fortunei**FORTUNE FORSYTHIA**

Large, spreading bush of more upright form than *Suspensa*.

2 to 3 ft.....	.50	4.00	30.00
3 to 4 ft.....	.60	5.00	45.00
4 to 5 ft.....	.85	7.50	
5 to 6 ft.....	1.50		

Hamamelis virginiana**WITCH HAZEL**

Large shrub. The yellow flowers appear in the winter.

3 to 4 ft.....	1.00	9.00	
7 to 10 ft.	\$4.00 to \$15.00 each.		

Hibiscus syriacus**ALTHEA—ROSE OF SHARON**

Large flowers of white, pink, red and blue in August and September. These should be planted in the spring only.

2 to 3 ft.....	.50	4.00	
----------------	-----	------	--

Hydrangea arborescens grandiflora **HILLS OF SNOW**

Large flat heads of white in July and August.

2 to 3 ft.....	.60	5.00	
----------------	-----	------	--

Hydrangea paniculata grandiflora**COMMON HYDRANGEA**

Immense pyramidal heads of flowers, white turning to deep rose-pink.

3 to 4 ft.....	.75	7.00	60.00
----------------	-----	------	-------

Extra large plants \$3.00 to \$5.00 each.

Ilex verticillata**WINTERBERRY**

Large shrub with bright red berries in the late fall to Christmastime.

2 to 2½ ft.....	.60	5.50	
2½ to 3 ft.....	.75	7.00	
3 to 4 ft. extra heavy ...	1.00	8.50	
4 to 5 ft. extra heavy.....	1.50	13.00	
5 to 6 ft. extra heavy.....	2.50	22.50	

Kerria japonica**SINGLE KERRIA**

Light green foliage on slender stems. The bright yellow flowers make a striking display in May. Does very well in shade.

2½-3 ft.....	.85	7.50	
3-3½ ft.....	.95	9.00	

Kerria japonica flore pleno**DOUBLE KERRIA**

Very double flowers making balls of bright orange-yellow appear in great profusion.

1½ to 2 ft.....	.75	6.50	
-----------------	-----	------	--

Kolkwitzia amabilis**BEAUTY BUSH**

The slender, arching branches are covered with bell-shaped flowers of soft pink in June.

	Each	Per 10	Per 100
1½ to 2 ft.....	\$.60	\$5.50	
2 to 3 ft.....	.85	8.00	\$75.00
3 to 4 ft.....	1.00	9.00	

Ligustrum amurense**AMUR PRIVET**

Very hardy, with erect compact growth for a narrow hedge.

2 to 3 ft. bushy.....	.25	1.80	15.00
3 to 4 ft. bushy.....	.30	2.25	18.00

Ligustrum ibolium**IBOLIUM PRIVET**

Heavy, glossy foliage and upright growth, resembling California Privet but much more hardy.

2 to 3 ft. bushy.....	.25	1.60	13.00
3 to 4 ft. bushy.....	.30	2.20	16.00

Ligustrum regelianum**REGEL'S PRIVET**

Low growing, of broad spreading form. Fine for banks.

1½ to 2 ft. spread.....	.50	4.50	35.00
2 to 2½ ft. spread.....	.75	6.00	50.00

Lonicera fragrantissima**WINTER HONEYSUCKLE**

Spreading habit with heavy dark green leaves which persist late in the fall, and in mild winters are evergreen. Pink flowers early in spring.

1½ to 2 ft.....	.50	4.50	
-----------------	-----	------	--

Lonicera tatarica**TARTARIAN HONEYSUCKLE**

Large bush with arching branches which are covered in May with deep pink flowers. Bright red berries.

2 to 3 ft.....	.45	4.00	35.00
3 to 4 ft.....	.65	6.00	50.00

Lonicera t. rubra**RED HONEYSUCKLE**

The red flowers make this an especially attractive form. Unusual.

3 to 4 ft.....	.70	6.50	50.00
----------------	-----	------	-------

Philadelphus aureus**GOLDEN SYRINGA**

Rather dwarf, bushy growth with bright yellow leaves.

12 to 18 in.....	.50	4.50	
------------------	-----	------	--

Philadelphus coronarius**MOCK ORANGE**

The well-known "Syringa." Very fragrant, pure white, single flowers in June and July.

3 to 4 ft.....	.60	5.00	40.00
4 to 5 ft.....	.90	8.50	
5 to 6 ft.....	1.50	12.50	
8 to 10 ft.....	2.50		

10 to 12 ft. specimens \$10.00 to \$20.00 each.

Philadelphus grandiflorus**BIG MOCK ORANGE**

A tall growing shrub with flowers of white with a center of yellow stamens. Does not have the fragrance of *P. coronarius*.

2 to 3 ft.....	.50	4.50	
3 to 4 ft.....	.60	5.50	
4 to 5 ft.....	.90		

Philadelphus lemoinei**LEMOINE SYRINGA**

Slender, arching branches and single fragrant flowers.

2 to 3 ft.....	.50	4.50	
----------------	-----	------	--

Philadelphus virginalis**VIRGINAL SYRINGA**

Snowy white, semi-double flowers in June and occasionally throughout the summer. One of the best.

	Each	Per 10	Per 100
2 to 3 ft.....	\$.60	\$5.50	\$50.00
3 to 4 ft.....	.75	6.50	60.00
4 to 5 ft.....	1.00	9.00	

Prunus glandulosa **DOUBLE-FLOWERING ALMOND**

Masses of double pink rosettes, appearing before the leaves, make a colorful spot in the spring landscape.

2 to 2½ ft.....	.90	8.50
2½ to 3 ft.....	1.25	10.00

Prunus triloba**FLOWERING PLUM**

Large bush or small tree with a profusion of double bright pink flowers.

3 to 4 ft.....	.95	9.00
----------------	-----	------

Rhodotypos kerrioides**JETBEAD**

Very attractive small bush with light green, toothed leaves. Large, single white blossoms, shining black fruit.

1½ to 2 ft.....	.50	4.50
2 to 3 ft.....	.65	6.00

Rhus cotinus**SMOKETREE**

Large shrub. The masses of filmy flowers resemble clouds of smoke.

2 to 3 ft.....	1.00	8.50
----------------	------	------

Spiraea arguta**SNOW GARLAND**

Low-growing, with narrow leaves. The slender branches are covered with small white flowers.

3 to 4 ft.....	.60	5.00
4 to 5 ft.....	.75	7.00

Spiraea bumalda, Anthony Waterer**WATERER SPIREA**

Dwarf variety, with flat heads of carmine-pink flowers. July and August.

15 to 18 in.....	.40	3.50
------------------	-----	------

Some of our large Hybrid Lilacs.

Spiraea prunifolia**BRIDAL WREATH**

Slender, arching branches bearing small glossy green foliage. The flowers are double, small, white rosettes.

	Each	Per 10	Per 100
2 to 3 ft.....	\$.70	\$6.50	
3 to 4 ft.....	.85	8.00	

Spiraea thunbergi**THUNBERG SPIREA**

Multitudes of small white flowers in very early spring. Fine feathery foliage.

1½ to 2 ft.....	.40	3.50	
3 to 4 ft.....	.75		

Spiraea trichocarpa**KOREAN SPIREA**

Resembles Van houttei, but blooms later and is of more spreading habit.

2 to 3 ft.....	.50	4.50	
3 to 4 ft.....	.60	5.50	
4 to 5 ft.....	.75	7.00	

Spiraea van houttei**ST. PETER'S WREATH**

Very graceful shrub, the arching branches bending beneath the masses of small white blossoms.

2 to 3 ft.....	.35	2.70	25.00
3 to 4 ft.....	.50	4.00	35.00
4 to 5 ft.....	.75	7.00	

Symphoricarpos chenaulti**PINK CORAL BERRY**

The slender branches are set with clusters of pink fruit in the autumn months.

2 to 3 ft.....	.45	4.00	36.00
3 to 4 ft.....	.60	5.50	

Symphoricarpos racemosus**SNOW BERRY**

Small pink flowers, followed by ornamental white marble-shaped fruit which continues into early winter.

2 to 3 ft.....	.45	3.50	30.00
3 to 4 ft.....	.60	5.00	

Symphoricarpos vulgaris**CORAL BERRY**

Small, dark red berries cluster on the branches, making a pretty effect in late fall.

1½ to 2 ft.....	.35	3.00	
2 to 3 ft.....	.45	3.50	

Syringa chinensis**CHINESE LILAC**

Very graceful, with its slender, arching branches and narrow leaves. Long flower heads of reddish-lilac.

3 to 4 ft.....	.90	8.00	
----------------	-----	------	--

Syringa josikaea**HUNGARIAN LILAC**

Large, tall-growing shrub with heavy dark green foliage. The bluish-lilac flowers appear in June.

4 to 5 ft.....	1.00	8.50	
----------------	------	------	--

Syringa persica**PERSIAN LILAC**

Slender, arching branches bearing large heads of rosy-lavender flowers.

2 to 3 ft.....	.60	5.50	
4 to 5 ft.....	1.00	9.00	
6 to 8 ft.....	2.00	17.50	160.00

Syringa villosa**JAPANESE LILAC**

Large, heavy growth. The pinkish-lavender flowers in June are later than most Lilacs.

8 to 10 ft.....	4.50	42.50	

Syringa v. hybrids

Our collection of these magnificent flowering plants embraces a wide range of color from pure white, pink and lavender to deep reddish-purple.

2 ft.....	\$1.00	\$ 9.00
2½ ft.....	1.25	11.00
3 ft.....	1.50	13.50
3½ ft.....	2.00	18.50
4 ft.....	2.50	22.50
5 ft.....	3.25	30.00
6 to 8 ft.	\$4.00 to \$10.00 each	
Specimens	\$7.00 to \$20.00 each	

Extra bushy plants in some varieties can be furnished at 50% increase on these prices. Plants may be dug with a ball of earth and burlapped at an additional charge of 25c. The sizes available are listed under each variety.

SINGLE VARIETIES**Charles X**

Reddish-purple.

2½ ft., 3 ft., 4 ft.,
5 ft.

Congo

A beautiful, lively deep red. Slow growth.

2 ft., 2½ ft., 3 ft.,
3½ ft., 4 ft.

Jan Van Tol

Pure white flowers and panicles attain great size.

2 ft., 3 ft.

Ludwig Spaeth

Extra fine, deep purplish-red.

2 ft., 2½ ft., 3 ft.,
4 ft.

Mme. Florant Stepman

Broad, full heads of white—faintly tinted cream at base.

2 ft., 2½ ft., 3 ft.,
3½ ft., 4 ft., 5 ft.

Marie Legraye 2 ft.	One of the finest of the whites.
Reaumur 2½ ft., 3 ft.	Deep satiny-rose with reddish lights.

DOUBLE VARIETIES

Alphonse Lavallee 3½ ft., 4 ft., 5 ft., 6 ft.	Very attractive light lavender.
Belle de Nancy 2 ft., 2½ ft., 3½ ft., 4 ft., 5 ft.	Compact heads of a pleasing shade of lilac-pink.
Charles Joly 2 ft., 2½ ft., 3 ft., 3½ ft., 4 ft., 5 ft.	Beautiful deep purplish-red. Nar- row upright growth.
Duc de Massa 2 ft., 2½ ft., 3 ft., 3½ ft., 4 ft.	Red-violet, turning to reddish- lavender.
Georges Bellair 6 to 8 ft.	Broad pyramidal clusters of rosy- carmine.
Jean Mace 4 ft., 6 ft.	Large heads of pinkish lavender.
Leon Simon 4 ft.	Large rosy-lilac flowers. Extra fine.
Mme. Lemoine 2 ft., 2½ ft., 3 ft.	Attractive ivory-white. A free bloomer. Upright growth.
Marc Micheli 3 ft., 3½ ft., 4 ft., 6 to 8 ft.	Very large flowers and heads. Pink buds and almost pure lav- ender flowers.
Michel Buchner 2 ft., 3 ft., 3½ ft., 5 ft., 6 to 8 ft.	A beautiful pinkish-lilac.
Montaigne 2 ft., 3 ft., 3½ ft., 4 ft., 5 ft.	Beautiful silver-pink buds, turning to lavender. Extra fine.
Paul Hariot 2 ft., 2½ ft., 3 ft., 3½ ft.	Similar to Ludwig Spaeth, with double dark purplish-red flowers.
Paul Thirion 2 ft., 2½ ft., 6 to 8 ft.	Delicate pink with touches of lavender. Large flowers.
President Grevy 2 ft., 2½ ft., 3 ft., 4 ft., 5 ft., 6 to 8 ft.	Large panicles of beautiful light blue.
President Loubet 4 ft.	Large trusses of deep wine red.
President Poincaire 4 ft.	Exceptionally large flowers and trusses of pink and lavender.
President Viger 3½ ft., 4 ft.	Broad, compact heads of clear blue-lavender.
Waldeck-Rousseau 2 ft., 2½ ft., 3 ft.	Large spikes of pink and white Somewhat dwarf.

Vaccinium corymbosum Highbush Blueberry

Bushy compact growth bearing clusters of small white flowers and edible blue berries. The foliage is beautifully colored red at frost. An attractive plant for the border appealing both to the eye and taste.

	Each	Per 10	Per 100
2 to 3 ft.	\$1.00	\$9.00	

Vaccinium hybrid varieties

Selected for their large size and quality. A collection will give a long fruiting season. At least two varieties should be planted to ensure proper pollination. We list these in the order of their ripening.

Cabot, Pioneer, Concord, Rancocas, Rubel

12 to 18 in.	1.00	9.50	
----------------------	------	------	--

Viburnum americanum**AMERICAN CRANBERRYBUSH**

White flowers and bunches of red berries, which remain nearly all winter.

2 to 3 ft.65	5.50	50.00
--------------------	-----	------	-------

Viburnum carlesii**FRAGRANT VIBURNUM**

The clusters of small pink and white flowers in early May resemble the Mayflower in color and in their sweet fragrance.

1 to 1½ ft.	1.50	12.50	
1½ to 2 ft.	2.00	18.00	
2 to 2½ ft.	2.50	22.50	

Viburnum dentatum**ARROW-WOOD**

Compact, large-growing shrub. Flat heads of white flowers succeeded by many clusters of blue-black berries.

2 to 3 ft.50	4.50	
3 to 4 ft.65	5.50	
4 to 5 ft.80	7.50	

Viburnum dilatatum LINDEN VIBURNUM

Flat clusters of flowers in May or June. In the fall the brilliant red berries make this one of our most attractive fall shrubs.

3 to 3½ ft.	1.50	14.00	
3½ to 4 ft.	2.00	17.50	

Viburnum lantana**WAYFARING TREE**

Clusters of bright red berries, turning to black in the early autumn.

2 to 3 ft.60	5.50	
3 to 4 ft.75		

Viburnum opulus sterile**COMMON SNOWBALL**

Many round clusters of white flowers, like small snowballs, are borne in May and June.

4 to 5 ft. heavy	1.00	9.00	
6 to 8 ft.	3.50		
8 to 9 ft.	5.00		

Viburnum sieboldii**SIEBOLD VIBURNUM**

Large, spreading plant with dark green, shining leaves, creamy-white flowers and fruit pink turning to blue-black. Hardy.

3 to 4 ft.75	6.00	
--------------------	-----	------	--

Viburnum tomentosum**SINGLE-FLOWERED SNOWBALL**

Large bush of symmetrical growth, with large flat heads of white flowers in May, followed by reddish-black fruit.

A dwarf variety with variegated foliage of green, pink and yellow.

2 to 3 ft.....	.60	5.50	
----------------	-----	------	--

Weigela rosea**PINK WEIGELA**

Showy, rose-pink flowers in abundance.

2 to 3 ft.....	.45	4.00	
3 to 4 ft.....	.60	5.00	
4 to 5 ft.....	.85	7.50	

Weigela vaniceki

More vigorous than Weigela floribunda, this has deep red flowers borne in abundance.

3 to 4 ft.....	.75	7.00	
4 to 5 ft.....	1.00	9.00	

LATE PLANTING

The prices of Deciduous Shrubs other than Azaleas and Cotoneasters are for plants dug with bare roots. After about May 20th, when new growth has started, shrubs may be dug with a ball of earth and burlapped. This assures less wilting and delay in growth. The additional cost for handling in this way will be:

Plants 2 to 3 ft...	\$.15 each	4 to 5 ft...	\$.35 each
Plants 3 to 4 ft...	.25 “	5 to 6 ft...	.50 “

Vines

Actinidia arguta	SILVERSWEET VINE		
A strong-growing vine, very satisfactory for growing on pergolas, etc. Edible fruit.			
	Each	Per 10	Per 100
Strong Plants.....	\$.65	\$6.00	
Ampelopsis quinquefolia	AMERICAN WOODBINE		
Especially decorative in the fall, with its blue berries and red and yellow foliage.			
Strong plants, 2 yr.....	.50	3.75	30.00
Strong plants, 3 yr.....	.60	5.00	40.00
Ampelopsis q. engelmanni	ENGELMANN IVY		
Similar to the above but smaller foliage. Will cling to brick or stone.			
3 yr.....	.60	5.00	40.00
4 yr.....	.75	6.00	
Ampelopsis tricuspidata (veitchi)	BOSTON IVY		
Dark glossy green leaves. Clings closely to brick or stone walls.			
2 yr.....	.50	4.50	40.00
3 yr.....	.60	5.50	50.00
Aristolochia sipho	DUTCHMAN'S PIPE		
Excellent for a dense cover, as the broad leaves overlap and make a complete shade.			
3 yr.....	1.25	11.00	
4 yr.....	1.50	13.50	
Bignonia radicans	TRUMPET VINE

3 yr. grafted.....	1.35		
4 yr. grafted.....	1.50	12.50	
6 yr. grafted.....	3.00		

Fruit Trees

The home grounds are scarcely complete without some fruit trees. The flavor of fruit ripened on the plant has a delicacy which more than compensates for the care expended in cultivation.

Our list comprises the varieties which are satisfactory for this latitude and includes those which we believe are well worthy of a place.

APPLES

2 yr., 5 to 7 ft.....	.75	6.00
-----------------------	-----	------

Summer Varieties

Red Astrachan—One of the early reds. Very rich and juicy. Flesh slightly acid.

Yellow Transparent—Very early and bright yellow in color, an old established favorite. Good for either baking or eating out of the hand.

Fall Varieties

Cortland—One of the recent McIntosh seedlings, resembling the McIntosh a great deal and even a better keeper.

Gravenstein—An old-time favorite, extra fine. Of large size with a delicate striping of yellow and red.

Early McIntosh—Fully as good eating as its parent plant, but available almost a month earlier than the McIntosh.

Kendall—An improved seedling of McIntosh with better keeping qualities.

Hyslop Crab—Very hardy strong growing variety that bears enormous crops of bright red fruit.

McIntosh—Too much cannot be said of the sprightly aroma and taste of this popular variety. Flesh white and extra nice.

Macoun—A McIntosh seedling which ripens from three to four weeks later than the regular McIntosh and is especially desirable for its late-keeping qualities.

Transcendent Crab—Bright red and yellow, considered the very best for jelly.

Winter Varieties

Baldwin—This well-known New England favorite needs no further introduction. It is perhaps one of the most popular and best-keeping of all the winter apples.

Delicious—Another choice winter apple with a sprightly aroma and as its name implies is really delicious in taste.

Northern Spy—Another old-time favorite. Very attractive on account of its yellow and red striping. Juicy to the extreme.

Russet—Of a beautiful dark golden color, fine flavor and a late keeper. Under good conditions can be preserved until August.

PEARS

	Each	Per 10
No. 1, 11-16 in., 5 to 7 ft..	\$.85	\$7.50

Bartlett—An early summer variety. Considered one of the sweetest of all. Excellent for preserving or eating out of the hand.

Beurre-Bosc—Late-bearing variety. Dark russet in color. A good keeper and second to none in sweetness.

Clapp's Favorite—A very early variety and exceptionally good eating.

Seckel—Small indeed, but sweet almost beyond belief.

Sheldon—A fall variety. Somewhat drier than any of the foregoing, but very large and choice.

PEACHES

No. 1, 4 to 6 ft.40	3.50
---------------------------	-----	------

Belle of Georgia—Early and considered one of the best of the white Peaches.

Carman—An early peach with white flesh and red cheek. None better.

Champion—A mid-season white. Very good for eating or canning.

Early Crawford—An old-time yellow favorite, ripening in September.

Early Elberta—As its name implies, it is of Elberta quality but ripens about one week earlier.

Elberta—Considered one of the best of shippers and great for canning. Ripens in mid-September.

Golden Jubilee—A new very early yellow flesh variety of fine shape and color. Freestone.

Hale Haven—Very handsome fruit of contrasting red and yellow. Early and has a freestone.

J. H. Hale—An exceptionally nice yellow peach. Good color and flavor. Late September.

Rochester—A yellow freestone, ripening in mid-September and considered one of the best.

CHERRIES

	Each	Per 10	Per 100
No. 1, 5 to 7 ft.	\$.90	\$8.00	

Black Tartarian—Large sweet fruit of dark red almost black.

PLUMS

No. 1, 11-16 in., 5 to 7 ft..	.90	8.50
-------------------------------	-----	------

Abundance—Extra good-sized red plum and very popular for both eating and canning.

Lombard—Medium size, roundish oval shape. Violet-red.

New York Prune—Deep purple with firm flesh. Excellent for eating or canning.

QUINCE

Orange —Large golden fruit . . .	1.00	9.00
---	------	------

GRAPEVINES

While some of these are old standbys, yet they are still worthy of a place in any garden.

Strong 2 yr.35	3.00
----------------------	-----	------

Caco—A new, red variety. Considered the best out. 50 cents each.

Concord—Late, blue, an old popular variety.

Fredonia—The earliest blue grape, fruit large and sweet. 50 cents each.

Moore's Early—Early, blue, large and fine eating.

Niagara—Large, white, honey-sweet.

Worden—A Concord seedling but earlier. Fine flavor.

BLACKBERRIES

	Per 10	Per 25	Per 100
Eldorado —Large and sweet, very productive90	1.75	6.00

RASPBERRIES

Latham —Large, delicious, red fruit. A strong grower90	1.75	6.00
St. Regis —Everbearing, good cropper, choice90	1.75	6.00
Newburgh —Large, firm fruit of rich red. Especially hardy new variety90	1.75	6.00

ASPARAGUS

Mary Washington—A new introduction, producing large quantities of tender stalks.

	Per 10	Per 100
2 yr.40	2.50
3 yr.50	3.00

Roses

Roses need no introduction—their exquisite form and fragrance are admired everywhere. But in our northern climate they must be selected with a thought for hardiness and vigor. Our purpose has been to collect those varieties which combine these qualities with the bright color effects desired for the garden.

When planting dormant roses, the tops should be pruned back to about six inches, and planted so that the bud or crook just above the roots will be about an inch underground. It is best to shade the top until the first leaves appear. The failure of most roses is due to lack of moisture at this time.

For later planting in May and June, we recommend potted plants which are in leaf and oftentimes in bud or bloom. These will continue to bloom and a much longer season may be enjoyed. If possible please give a second choice of varieties so that we may substitute if our stock of a variety is exhausted.

We do not recommend fall planting of roses for this latitude, as newly set plants must be well protected through the winter.

HYBRID ROSES

These will give an abundance of bloom from June until frost. They should be liberally fertilized every year and given some protection from the sun and frost during the winter.

	Each	Per 10
Strong dormant plants, No. 1	\$.75	\$7.00
Potted plants95	9.00

(Unless otherwise noted)

***Better Times**—(Plant Patent No. 23). New. Large, delicately fragrant, double, brilliant cerise flowers. The name indicates the quality. \$1.00 each; \$10.00 doz.

Betty Uprichard—Beautiful coppery pink with orange shadings. Back of petals carmine-pink. One of the best.

Briarcliff—Delightful silvery pink flowers with golden lights. Excellent.

Charles K. Douglas—A strong bright red. Free bloomer and holds its color in blooms all the season.

***Countess Vandal**—(Plant Patent No. 38). An exquisite golden salmon, coppery lights. Buds long and pointed. Quite fragrant. \$1.00 each; \$10.00 doz.

Dame Edith Helen—Bright pink, of strong growth. Delightful perfume.

Edith Nellie Perkins—Rich salmon-pink buds inside of petals lighter, making a delightful contrast.

E. G. Hill—One of the best brilliant red flowers. Form and fragrance very delightful.

Etoile de Holland—One of the world's best. Very hardy and vigorous. Beautiful crimson-red blossoms.

Frau Karl Druschki—One of the very best of the pure white varieties.

Golden Rapture—A fine new golden-yellow rose. Well-shaped flowers of pure color and good habit.

Gruss an Teplitz—Bears bright crimson-scarlet flowers in abundance throughout the summer. Very choice.

Joanna Hill—Long, finely formed buds of orange-yellow changing to deep cream. Orange shadings at base of petals.

K. A. Victoria—Beautiful, well-formed, pointed buds of creamy-white. Excellent indeed.

Killarney Pink—Delightful soft pink buds, beautifully pointed.

Killarney White—White form of the above. Considered among the best.

Los Angeles—An old variety but still very popular. Beautiful flame-toned pink. Coral and old gold at base.

Margaret McGredy—One of the newer varieties, having very large blooms of orange-scarlet.

McGredy's Scarlet—Large light crimson with golden lights at base of petals. Blooms freely throughout the summer.

McGredy's Yellow—Well-formed flowers of buttercup yellow are borne freely on strong stems. A new variety of merit.

Mme. Butterfly—Beautiful, long tapered buds of shell-pink, blended with apricot and gold.

Mme. Edouard Herriot—One of the best. Beautiful coral-red blossoms with golden lights.

Mrs. Chas. Bell—One of the best of the shell-pink varieties. Should be planted in every garden.

Mrs. E. P. Thom—Fine, dependable yellow, the strong color of which does not fade as the blossom grows older.

Mrs. Pierre S. duPont—Continuous bloomer on extra strong canes. Flowers deep golden-yellow, both in bud and flower.

Padre—Too much praise cannot be given this beautiful, semi-double, coppery-orange blossom.

Pink Dawn—Exquisite pink with deeper shadings, giving an abundance of fragrant bloom. One of the newer varieties of much merit.

President Herbert Hoover—Strong grower, bearing beautiful flowers of soft pink, orange and gold, all blended together in one beautiful bloom.

***R. M. S. Queen Mary**—(Plant Patent No. 249). Shapely pointed buds opening into flowers of salmon pink suffused with orange. Fragrant. \$1.50 each; \$15.00 doz.

Radiance—A strong, vigorous and hardy variety bearing large rose-pink flowers, globular in shape.

Red Radiance—Rosy red variety. Fully equal in all points to the above.

Souvenir de Claudius Pernet—Strong and vigorous in growth. Buds a very deep yellow, holding their color quite well as the petals open. Excellent.

Sunburst—Another rich yellow with deep copper colored lights. Very choice.

Talisman—Another late introduced variety. Very free and continuous bloomer. Delightful golden-yellow. Petals lined with orange-red.

BROWNELL ROSES

We are listing some of the new Brownell Roses, a race of hardier hybrids well fitted for our northern climate to withstand sub-zero winters. The first three are of bush form and the others of climbing or trailing habit.

Anne Vanderbilt—Semi-double flowers of exquisite coppery orange. Fragrant. \$1.50 each.

Break O'Day—Large flowers of orange shaded with apricot. Vigorous in growth and bloom. \$1.50 each.

Lily Pons—Large flowers of white with pure yellow center are produced freely. \$1.50 each.

Apricot Glow (Climbing)—Double coppery pink blooms produced in clusters. \$1.00 each.

Copper Glow (Climbing)—Deep coppery orange. Spicy fragrance. \$1.50 each.

***Golden Climber**—(Plant Patent No. 28). Large pure yellow flowers on long stems. Growth strong and hardy. \$1.00 each.

Golden Glow—A new clear yellow climbing rose blooming more freely than Golden Climber. Fragrant. \$1.00 each.

CLIMBING AND RAMBLER ROSES

	Each	Per 10
Strong 2 yr. plants, No. 1	\$.60	\$5.50
Potted Plants80	7.50

(Unless otherwise noted)

American Pillar—Huge clusters of single bright pink flowers with white center.

***Blaze**—(Plant Patent No. 10). A strong grower and called a continuous bloomer by those who have older plants. Deep red and exceptionally fine. \$1.00 each; \$10.00 doz.

Climbing American Beauty—Very attractive variety with rich carmine-rose blossoms.

Dr. W. van Fleet—One of the most popular shell-pink climbers. Blossoms are large-sized, resembling a tea rose.

Dorothy Perkins—One of the old-time favorites and still desired by a great many. Strong and vigorous in growth and well covered with bright pink flowers.

***Doubloons**—(Plant Patent No. 152). Large clusters of cup-formed, saffron-yellow blooms, opening throughout a long season. Strong, heavy canes. One of the best yellow climbers. \$1.50 each; \$15.00 doz.

Excelsa—Superior in hardiness to the well known crimson rambler and even of a better color. Strong, dark crimson, and very free blooming.

Mary Lovett—One of the most popular white climbing roses. Strong in growth, bearing large pure white flowers.

Mary Wallace—Charming flowers of deep, warm pink, borne profusely on long stems. Excellent for cutting.

Mme. Gregoire Staechelin (Spanish Beauty)—Strong grower indeed, bearing gloriously beautiful crimson buds opening into a delightful pink.

***New Dawn**—(Plant Patent No. 1). One of the most delightful ever-blooming roses. Similar to Dr. W. van Fleet in color. Should be in every garden. \$1.50 each; \$15.00 doz.

Paul's Scarlet—Considered by a great many as the best deep red-crimson rambler, as it holds its color until the petals fall, which is a very desirable feature.

Primrose—Clusters of canary yellow flowers which hold their color well until the petals drop. Plant hardy and vigorous.

Setigera—Called the Prairie Rose. Very strong grower and often used for hedges and screens. Flowers single and of a beautiful shell-pink.

Silver Moon—A strong grower with dark green, glossy foliage, bearing a multitude of pure, chaste white flowers. Single.

Wichuriana (Memorial Rose)—Excellent for ground covers and presents a very pleasing appearance with its glossy green foliage and multitude of single flowers of pinkish white.

DWARF AND POLYANTHA ROSES

These include the dwarf bedding roses often called "Baby Ramblers" and bloom throughout the summer.

Each \$.60 Per 10 \$5.00

Chatillon Rose—Bright salmon-pink semi-double flowers borne in large clusters.

Visit Cherry Hill in June—when the Mountain Laurel is in bloom.

- Ellen Poulsen**—Very valuable where a dwarf edging rose is needed. Flowers bright pink and borne in abundance throughout the entire season.
- Gloria Mundi**—Produces large clusters of flowers of bright orange-scarlet.
- Gruss an Aachen**—Large flowers resembling tea roses. Attractive light pink with deeper coppery tones.
- Ideal**—A very dark velvety crimson which holds its color throughout the season.

VARIOUS ROSES

Each \$.60 Per 10 \$5.00

- Harison's Yellow**—A strong growing bush literally covered with double, fragrant, yellow blossoms throughout the month of May.
- Hugonis**—Strong, fast growth and may be used in a shrub planting. The exquisite soft yellow flowers are borne in sprays in May and June. Also larger plants \$1.00 to \$2.00 each.
- Persian Yellow**—An old-time favorite but always popular. The double yellow flowers retain their color. Follows Harison's Yellow.
- Rosa rugosa (Japanese Rose)**—A very ornamental, spreading shrub with glossy green foliage. Flowers single crimson followed by ornamental scarlet fruit. Good for seashore or in exposed plantings.
- | | Each | Per 10 |
|------------------|-------|--------|
| 1½ to 2 ft. | \$.60 | \$5.00 |
| 2 to 3 ft. | .75 | 6.00 |
- Rosa r. alba**—Pure white single flowers in abundance.
- | | | |
|-----------------|-----|------|
| 2 to 3 ft. | .90 | 8.00 |
|-----------------|-----|------|

ROSA RUGOSA HYBRIDS

These new hybrids have the splendid foliage and habits of the rugosa. Perfectly hardy and excellent for seaside planting.

Strong plants.60	5.50
Extra size.	1.00	9.00

- Agnes**—Large double flowers of amber yellow with darker center. The foliage is ornamental throughout the summer.
- Belle Poitevine**—A very hardy type bearing double pink flowers followed by bright scarlet fruit.
- Conrad F. Meyer**—Large bushes bearing globular blooms of delightful shell-pink.
- Dr. E. M. Mills**—Strong growth and delicate semi-double flowers of soft yellow. In season it follows closely after Hugonis.
- Hansa**—Rich maroon red. Double. The growth is strong and very hardy.
- Sir Thomas Lipton**—One of the best pure white double flowered Rugosas. Flowers in strong clusters.
- F. J. Grootendorst**—A cross between Rugosa and Polyantha (Baby Rambler). The small, bright red double flowers appear throughout the summer.
- Pink Grootendorst**—A beautiful form of the above, bearing bright shell-pink flowers. Blooms freely and continuously.

Peonies

This magnificent group of flowering perennials is one of the hardiest and most satisfactory for our northern climate. While Peonies will thrive in the south, it is in the colder zones of the northern states and Canada that they excel in vigor over other plants. They endure for many years in the same location increasing in size and quality. They mark our years with their rich blooms.

The improved varieties with an abundance of flowers in varying forms strike a strong note of color in the garden in May and June and the dark green foliage makes a good background for other flowers later. Peonies are especially decorative as cut flowers and many thousands are used every year. Probably more Peony blooms are cut and given to churches and hospitals than any other flower. Surely in these times of strain this is something to consider when planting.

We have endeavored to consistently maintain our free-blooming Cherry Hill Strain by selective propagation and the large rugged plants which we furnish give satisfactory results. As our increase of stocks permit, we have reduced our prices. We do not try to quote the cheapest prices, but we believe the value to be of the best.

The numbers or ratings which are noted in the left-hand margin are the averages tabulated from the votes of the members of the American Peony Society all across the United States and Canada. Varieties rating below 7.0 have been discarded by us so that you may be sure of the best.

The American Peony Society is composed of both amateur and commercial growers (the former in the large majority). Bulletins are published through the year dealing with matters of Peony interest. The Peony Manual published by the Society gives a wealth of accurate and impartial information and should be in the library of every Peony lover. The dues are \$3.00 per year. For further information consult us, or better, the Secretary, W. F. Christman, Northbrook, Illinois.

CULTURE OF PEONIES

Peonies will grow in almost any location, but do best when not planted too near large trees. However, where they are given some shade from the hot afternoon sun, the delicate shades may be retained. A good garden soil of a loamy texture, where there is drainage, will produce satisfactory roots and flowers. In this type of soil, no especial preparation is necessary except to loosen and break up any lumps.

You may put stable manure at the bottom of the hole covering with four inches of soil or you may fertilize with bone meal or "potato fertilizer" after the roots are planted. We find it very satisfactory to make yearly applications varying from wood ashes or potash in September to a "5-8-7" fertilizer in the spring just as the buds appear. The amount will be determined by the size of the plant, but a good handful is a rough measure. Too much rain may cause botrytis, a fungus which causes the stems to wilt and turn black. We find that ground limestone is one of the best correctives and this may be used freely and diseased stems should be burned. In the Fall the dead tops should be removed and burned so

that the new buds will not become infected. However this does not often happen.

The roots should be planted so that the buds are about two inches below the surface when the ground is settled around them. Too deep planting will result in good foliage but no blooms. This is usually the cause for lack of blooms. Do not attempt to replant Peonies in soil where they have grown before, and if the same location is desired, the earth should be removed and replaced by fresh earth from another part of the garden. When the buds attain about an inch in size, they exude a sticky honey which is attractive to ants, but these seldom do harm and will disappear in a short time.

Peonies may be successfully planted at almost any time of the year, but are most easily handled in the fall from September to November, and early in the spring before the buds have pushed through the ground. If planted during these periods, they should bloom the following June, but the first season will not produce large and often not typical blooms. They should be treated as permanent plants and will grow and thrive from ten to twenty years in one location.

SERIES A

Varieties originated at Cherry Hill

The varieties offered here are the result of nearly half a century of selection of seedlings. The plants, as they flower, are selected and re-selected and compared with the best named varieties from all over the world. Those listed have been chosen from hundreds of thousands of seedlings.

Sizes marked L. D. (large divisions) should give excellent results. Plants one year from division are larger, where quicker results are desired.

A. P. Saunders (1919), large flesh-pink flowers, shaded to 8.6 nearly white in the center, outer petals sometimes marked carmine. The long petals unfold from a slowly loosening ball in the center until they finally make a rose-form flower. Slightly fragrant. Late. L. D. \$1.50. 1 yr. \$2.00.

Betty Blossom (1925), lovely white guard petals, faintly 8.7 tinted yellow, and center petals clear white intermixed with a collar of short, narrow stamens heavily edged yellow. Total effect charming soft yellow. Late mid-season. Certificate of Merit, A. P. S. 1923. L. D. \$1.50. 1 yr. \$2.00.

Black Prince (1915), single. Very deep crimson with a 8.5 dull, satiny sheen and a mass of golden stamens. If side buds are not cut off, plant will continue to flower for a considerable period. Medium height and stiff stems, excellent foliage. L. D. \$1.50. 1 yr. \$2.00.

CHERRY HILL (1915), deep garnet, with a sheen which 8.6 gives a very bright appearance in the garden. Some blooms will have a center of golden stamens, while well established plants often produce full, double flowers. With us, the earliest double variety in bloom. The tall, strong stems, with excellent foliage, make this a very attractive variety for the garden. L. D. \$1.50. 1 yr. \$2.00.

EDWIN C. SHAW (1919), very large flowers of flesh pink
9.1 with broad rounded petals, with occasional traces of red on outer edges. Of very symmetrical form and cupped shape, this variety is especially attractive both for cut flowers and for garden effects. Delicious fragrance. Late midseason. L. D. \$2.50. 1 yr. \$3.00.

Governor Fuller (1930), large globular flowers of fresh
8.8 shell-pink, shading somewhat deeper toward the center. Petals long and broad and well rounded, except those in the center which are much shorter, giving a delightful cupped effect. Strong stems and good foliage. Fragrant. Late. This needs a year or two to become established, to give the best flowers. L. D. \$4.00. 1 yr. \$5.00.

HELEN (1922), stems very tall and erect, and broad, dark
8.9 green foliage. A double row of broad, rounded petals of deep shell-pink surround a mass of golden stamens. The petals are of good substance and hold their attractive cup-shape without drooping. The earliest to bloom. L. D. \$2.00. 1 yr. \$3.00.

James Boyd (1919), flesh-pink, tinted cream and buff in
8.9 center, gradually changing to nearly white with golden lights at the base of the petals. Very fragrant. Late. Stiff stems and upright habit with good foliage. L. D. \$1.50. 1 yr. \$2.00.

James R. Mann (1920), large rose-pink with one or two
8.7 crimson streaks in the center of the flower and an occasional marking on back of guard petals. Central petals incurved, give a very graceful effect. Midseason. Plants need to become well established before producing the best flowers. L. D. \$1.50. 1 yr. \$2.00.

KATHARINE HAVEMEYER (1921), large blooms of light
9.0 rose-pink. Guard petals rounded, somewhat notched at the ends; full high center. The center petals are incurved giving the flower a perfect rose-bud center. Fragrant. Midseason to late. Excellent both for cut flowers and garden use. L. D. \$2.50. 1 yr. \$3.00.

Merrimac (1937), very large globular blooms with wide petals of pleasing deep rose-pink of a shade seldom seen in Peonies. Luxuriant deep green foliage and heavy stems. Although it blooms late in the season, it has never failed to open well and attracts attention whenever seen. Pleasant fragrance, \$10.00 each.

NYMPHAEA (1919), large, flat flowers with wide silky petals
8.8 of creamy-white. Yellow stamens are mixed among the petals, giving flower a reflex of golden light. The edges of the petals are somewhat rolled, giving a water-lily effect; hence its name. Mildly fragrant. Midseason. L. D. \$1.50. 1 yr. \$2.00.

PRESIDENT WILSON (1918), bright rose-pink, changing
9.3 to shell-pink as flower opens, petals broad and overlapping, with cupped center. The blooms will last a long time and hold their delicate coloring until the end. Spicy fragrance. Late. L. D. \$2.50. 1 yr. \$3.00.

PRIDE OF ESSEX (1916), large cup-shaped blooms of deep 8.9 shell-pink, suffused yellow from the stamens interspersed with the petals. Clear fragrance. Midseason. Similar in coloring and habit to Lady Alexandra Duff, but flowers are larger and borne on longer stems. L. D. \$1.50. 1 yr. \$2.00.

Rapture (1937), very large flowers; the outer petals are broad and rounded, the collar somewhat narrower. The extreme center is cupped. The color is clear white, suffused with a soft creamy light, giving a delightful effect. Fragrant. Midseason. Stock limited. \$25.00 each.

Sarah K. Thurlow (1921), large flowers of faint pink in bud, 9.1 changing to pearly white, flushed pink in the center. The petals are rounded, giving a "finished" effect to the blooms which is difficult to describe. The stems are long and slender but support the flowers well. Rose fragrance. Very late. L. D. \$1.50. 1 yr. \$2.00.

THOMAS C. THURLOW (1919). This is another variety 9.1 of elusive coloring. The flowers are not at their best until the plant is well established. Broad petals of salmon-flesh, changing to white, and lighted by narrow petals edged and crusted with yellow. Strong stems of medium height. Fragrant. Midseason. L. D. \$2.50. 1 yr. \$3.00.

SERIES B

Prices quoted are for large divisions (L. D.) of at least three to five buds and one-year (1 yr.) clumps.

Two-year clumps, add 50% to the one-year price.

Three-year clumps at double the price of one-year clumps.

Varieties listed in capitals are those found most popular.

The large divisions are very strong plants that should all bloom soon but, of course, the larger sized clump will give a quicker effect.

In this series we have grouped together the newest and finest varieties which we have been able to obtain in this country and in Europe. We grow and test many varieties and those which we consider have merit are propagated and offered for sale. As stocks increase the prices are lowered as much as possible, consistent with the size and quality of the roots.

Alice Harding (Lemoine 1922), large flowers with broad, 9.4 rounded guard petals of delicate pink and center petals of creamy-white. Fragrant. Midseason. Good form and habit of growth. L. D. \$4.00. 1 yr. \$5.00.

Argentine (Lemoine 1924), large globular flowers; white 8.7 with creamy center. Broad petals of good substance. Fragrant. Midseason. Very fine. L. D. \$3.00. 1 yr. \$4.00.

Auguste Dessert (Dessert 1920), flowers of rose form with 8.7 broad, rounded petals somewhat notched, bright rose-pink with silvery edges. A center and ring of golden stamens light up the flower so that it is bright and attractive. An especially fine variety for garden effects. Midseason. L. D. \$1.50. 1 yr. \$2.00.

Blanche King (Brand 1922), very attractive globular
8.9 flowers with large overlapping petals. Dark pink with a
silvery sheen. Stiff stems and upright habit. Late mid-
season. L. D. \$5.00. 1 yr. \$7.00.

Cornelia Shaylor (Shaylor 1917), a full, well-formed flower
9.1 of pyramidal shape; guard petals and collar of a faint
pink, softening to white, and deeper shell-pink center.
Extra good variety. L. D. \$1.50. 1 yr. \$2.00.

Coronation (Kelway 1902), delicately tinted buds and
8.5 flowers of pale pink. Base of petals show golden light
and the symmetrical blooms are very charming. Early
midseason. L. D. \$1.50. 1 yr. \$2.00.

Denise (Lemoine 1924), large flowers of white faintly tinted
8.7 pink, with occasional marks of crimson on center petals.
Fragrant. Strong upright stems. L. D. \$2.00. 1 yr.
\$3.00.

E. B. Browning (Brand 1907), delicate cream-colored bud,
9.2 opening into a very fine white flower of large size. Late
L. D. \$1.50. 1 yr. \$2.00.

E. J. Shaylor (Shaylor 1918), globular, compact bloom of
8.6 rose-pink, petals tipped lighter. This variety is very
distinct because of a ring of golden-edged and golden-
tipped petals. Strong upright stems of medium height.
Midseason to late. L. D. \$1.50. 1 yr. \$2.00.

ENCHANTERESSE (Lemoine 1903), large globular flowers
8.9 of creamy-white, sometimes showing flecks of carmine.
A tall, strong grower and exceptionally fine variety.
Late. L. D. \$1.50. 1 yr. \$2.00.

Eugene Verdier (Calot 1864), rather dwarf with very stiff
8.3 stems, bearing flowers of deep shell-pink intermixed with
creamy-yellow. Distinct. Late. L. D. \$1.50. 1 yr.
\$2.00.

Florence Macbeth (Sass 1924), immense, rather flat flowers
9.0 of soft blush with deeper lights. Strong stems and heavy
foliage. Late. L. D. \$2.00. 1 yr. \$3.00.

Cherry Hill Peonies in a permanent home.

FRANCES WILLARD (Brand 1907), tall, strong grower, 9.1 producing creamy-white flowers of large size yet delicate texture. Late midseason. One of the best of the Brand varieties. L. D. \$1.50. 1 yr. \$2.00.

Frankie Curtis (Vories 1924), strong stiff stems, bearing 8.9 large white flowers resembling chrysanthemums—that is, the center petals are incurved and the outer petals recurved. Midseason. L. D. \$3.00. 1 yr. \$4.00.

Genevieve (Lemoine 1925), very large, full flowers of creamy-8.6 white. Very late. L. D. \$2.50. 1 yr. \$3.50.

Gismonda (Crousse 1895), full, double flowers of creamy-8.2 white with a rosy light deepening toward the center. Fragrant. Very late. A very charming variety. L. D. \$1.50. 1 yr. \$2.00.

Grace Loomis (Saunders 1920), tall, strong stems, bearing 9.2 very full double flowers of clear white. Late. A fine variety. L. D. \$1.50. 1 yr. \$2.00.

Grover Cleveland (Terry 1904), fine, dark crimson blooms 8.2 on upright stems of medium height. Extra good for garden effects. Late. L. D. \$1.50. 1 yr. \$2.00.

Hansina Brand (Brand 1925), large, flat flowers of deep 9.0 shell-pink with salmon lights at base of petals. Strong, upright stems and good foliage. L. D. \$3.50. 1 yr. \$4.50.

Inspecteur Lavergne (Doriat 1924), broad guard petals 8.6 with narrower petals in the center. Crimson with a touch of brown, quite new in any Peony. Early. L. D. \$2.00. 1 yr. \$3.00.

Jeannot (Dessert 1918), cup-shaped flowers of soft shell-pink 9.2 slightly tinted lavender, with salmon-pink lights at base of petals. Very late. L. D. \$1.50. 1 yr. \$2.00.

Judge Berry (Brand 1907), very large flat blooms of soft 8.6 pink tinted lighter. Early. L. D. \$1.50. 1 yr. \$2.00.

June Day (Franklin 1920), large, full flowers of shell-pink 9.0 deepening toward the center. Good form and substance and an exceptionally fine variety. Midseason. L. D. \$2.00. 1 yr. \$3.00.

KELWAY'S GLORIOUS (Kelway 1909), buds slightly 9.8 tinted pink, opening into large blossoms of iridescent white. Fragrant. Late midseason. This is undoubtedly one of the finest peonies. L. D. \$4.00. 1 yr. \$5.00.

Kelway's Queen (Kelway 1909), large, globular blooms of 8.8 fine form and habit. Deep flesh-pink with a few markings of carmine in the center. Fragrant. Midseason. L. D. \$2.00. 1 yr. \$3.00.

La France (Lemoine 1901), enormous, rather flat flowers on 9.0 strong stems. Soft pink with lavender lights at base of petals. Late. A very fine variety. L. D. \$1.50. 1 yr. \$2.00.

La Lorraine (Lemoine 1901), wonderful globular blooms of 8.6 creamy-white, borne high above the foliage. Golden stamens are visible, giving a golden light to the open flowers. Midseason to late. L. D. \$2.50. 1 yr. \$3.00.

Laura Dessert (Dessert 1913), creamy-white guard petals, 8.8 deepening to a canary-yellow in center. The flowers are of good size. Midseason. This is very similar to Prim-eve, but established plants will usually give better flowers. L. D. \$1.50. 1 yr. \$2.00.

- LE CYGNE** (Lemoine 1907), charming milk-white flower 9.9 with broad, rounded petals. Oftentimes attains immense size, but of such exquisite form that it does not appear coarse. Midseason. L. D. \$3.00. 1 yr. \$3.50.
- Lillian Gumm** (Gumm 1921), immense, very full double 8.9 blooms of even rose-pink with more brilliant lights at base of petals. The stems are strong and this variety makes a fine effect in the garden in late midseason. L. D. \$1.50. 1 yr. \$2.00.
- Longfellow** (Brand 1907), brilliant crimson flower of large 9.0 size. Good reds are hard to find and this is very satisfactory. Midseason. L. D. \$1.50. 1 yr. \$2.00.
- Mabel Franklin** (Franklin 1920), pale pink, gradually 9.0 deepening toward the center. Extreme center composed of short, creamy petals with lavender tints. Fragrant. Midseason. L. D. \$1.50. 1 yr. \$2.00.
- MADAME JULES DESSERT** (Dessert 1909), exquisite 9.4 flowers of large size; broad, delicate petals of a translucent texture. Creamy-white lighted with buff and salmon shades. Midseason. L. D. \$1.50. 1 yr. \$2.00.
- Madelon** (Dessert 1922), attractive rose-pink flowers of 8.4 globular, compact form. Petals tipped lighter, giving a brilliancy to the bloom. Late midseason. A fine variety. L. D. \$1.50. 1 yr. \$2.00.
- Martha Bulloch** (Brand 1907), tall, strong growth, pro- 9.1 ducing immense blooms of soft rose-pink, well formed and of good substance. Late. L. D. \$1.50. 1 yr. \$2.00.
- Mary Woodbury Shaylor** (Shaylor 1916), guard petals 9.0 fresh shell-pink, center creamy-yellow with golden lights at base of petals. Plants dwarf with upright stems. Midseason. L. D. \$1.50. 1 yr. \$2.00.
- MILTON HILL** (Richardson 1891), very beautiful flower of 9.0 a delicate shade of flesh-color with pale salmon-pink tints; sometimes marked crimson. Of globular form and rather incurved petals; it is an exquisite flower in every way. Late. L. D. \$1.50. 1 yr. \$2.00.
- Mrs. A. M. Brand** (Brand 1925), large, rather flat flowers 9.0 of pure white. The petals have a great deal of substance, giving the flower a fine form. Fragrant. Late. Gold Medal A. P. S., 1923. L. D. \$5.00. 1 yr. \$7.50.
- Mrs. A. O. Norton** (Norton 1940), First class Certificate American Peony Society. Very large flowers with broad, overlapping petals of good substance. Pure white petals colored yellow at base which gives a suffused golden light. The stems are long with heavy dark green foliage. Late midseason. We consider this to be one of the finest white peonies we have seen. \$25.00 each.
- Mrs. Edward Harding** (Shaylor 1918), large, pure white 9.3 flower of fine quality. Petals are set close together. Midseason to late. L. D. \$1.50. 1 yr. \$2.00.
- Mrs. Frank Beach** (Brand 1925), large flowers of creamy- 8.9 white. The petals are narrow and cut, giving the flower a lacy appearance. Late. L. D. \$3.50. 1 yr. \$5.00.
- Mrs. Harriet Gentry** (Brand 1925), good sized flowers of 8.9 glistening white, with a greenish tinge at base of petals. Late. L. D. \$2.00. 1 yr. \$3.00.

M. MARTIN CAHUZAC (Dessert 1899), very dark garnet 8.8 or maroon; globular flowers of medium size on strong stems. Midseason. Very effective for landscape planting, or for cut flowers. L. D. \$1.50. 1 yr. \$2.00.

Myrtle Gentry (Brand 1925), large, full flowers of rosy-white 9.0 or pale pink with salmon lights. Petals broad and rounded, giving a bloom of fine form. Fragrant. Late. L. D. \$2.50. 1 yr. \$3.50.

Nick Shaylor (Allison 1931), a very fine new variety. Large, 9.2 full blooms of creamy-white with pink and salmon lights, such as the indescribable colorings of Solange. Late. L. D. \$10.00. 1 yr. \$12.00.

Nimbus (Andrews 1923), well-formed, symmetrical flower 9.1 of white deepening in the center to blush giving a charming effect. Pleasant fragrance. Late. Excellent as a cut flower or for garden effect. L. D. \$2.00. 1 yr. \$3.00.

PHILIPPE RIVOIRE (Riviere 1911), very fine dark crimson, 9.2 full double. Midseason to late. Fragrant. Does not fade, as the petals hold their color until they fall. L. D. \$3.00. 1 yr. \$4.50.

PHYLLIS KELWAY (Kelway 1908), large flowers of 9.0 flushed pink, yet with delicate coloring, which gives a fresh and charming effect. Strong, erect stems. Fragrant. Late. L. D. \$1.50. 1 yr. \$2.00.

Pink Baroness Schroeder (Kelway). This variety is wholly distinct from Eugenie Verdier. Exceptionally large fine flowers, flat in form, of deep shell-pink with delicate tints. Extra good as a cut flower. Midseason. L. D. \$2.00. 1 yr. \$3.00.

PRIMEVERE (Lemoine 1907), guard petals deep creamy-8.6 yellow and center petals sulphur-yellow. If not exposed to the full sun the flowers will hold a canary-yellow effect, which is most attractive. Very fine. Midseason. L. D. \$1.50. 1 yr. \$2.00.

PRISCILLA ALDEN (Roberts 1928), full double flowers of 9.1 white, having a particularly fresh appearance. Broad petals. Early midseason. Exceptionally fine variety. L. D. \$2.50. 1 yr. \$3.50.

An Outdoor Living Room designed and planted by
Cherry Hill Nurseries.

Raoul Dessert (Dessert 1910), large blooms with broad 9.0 petals of shell-pink with deeper gleams. Distinct and fresh coloring. Late midseason. Scarce. L. D. \$1.50. 1 yr. \$2.00.

Rosa Bonheur (Dessert 1905), delightful flowers of fresh 9.0 soft pink. Petals even and incurved, giving a globular shape. Plant rather dwarf and compact. Midseason. L. D. \$2.50. 1 yr. \$4.00.

Rose Shaylor (Shaylor 1920), large, flesh-pink with creamy 9.1 lights at base of petals, center, creamy-white. Erect, strong growth. One of the best of the Shaylor seedlings and a fine variety. Midseason. L. D. \$4.00. 1 yr. \$5.00.

Silvia Saunders (Saunders 1921), cup-shaped flowers of 9.0 bright rose-pink of an attractive shade, center of yellow stamens and bright pink stigmas. Dwarf plant with free-flowering habit. Early. Fine for garden effect. L. D. \$3.00. 1 yr. \$4.00.

SOLANGE (Lemoine 1907), extra large flowers, with broad 9.7 rounded petals of fine form. Petals waxy-white but suffused with a reddish-golden light, so that the total effect is such as may be seen on a cloud at sunset. One of the very finest. Late. L. D. \$1.50. 1 yr. \$2.00.

SOUVENIR DE LOUIS BIGOT (Dessert 1918), exception- 9.1 ally large blooms of a very distinct shade of rich salmon-pink with silvery lights. Extra fine. Late midseason. L. D. \$2.00. 1 yr. \$3.00.

THERESE (Dessert 1904), vigorous and free-blooming, 9.8 producing large flowers of soft shell-pink with lighter center. Stems medium height and good strength. Midseason. A most satisfactory variety. L. D. \$1.50. 1 yr. \$2.00.

TOURANGELLE (Dessert 1910), cup-shaped flowers of 9.4 delicate creamy-white, with deeper salmon shadings at base of petals. Most unusual and beautiful coloring. Very fragrant. Late. L. D. \$1.50. 1 yr. \$2.00.

Victory Chateau Thierry (Brand, 1925) very large blooms 8.9 of bright clear pink. Broad, rounded petals of good substance make this a very attractive flower. Rather dwarf. Early. L. D. \$5.00. 1 yr. \$7.50.

WALTER FAXON (Richardson 1904), medium-sized blooms 9.3 of vivid shell-pink with salmon shades. Usually described as the only real pink peony. The blooms should be given some protection from the sun, to preserve the coloring. Midseason. L. D. \$1.50. 1 yr. \$2.00.

William F. Turner (Shaylor 1916), very dark red or garnet. 8.4 Tall, strong grower and gives a fine spot of color in the garden. Midseason. L. D. \$1.50. 1 yr. \$2.00.

SERIES C

\$1.50 each; \$15.00 per dozen.

Two-year clumps \$2.25 each; \$22.50 per dozen.

Three-year clumps \$3.00 each; \$30.00 per dozen.

Varieties listed in capitals are those found most popular.

The varieties listed in this series are those which have well-established ratings. They have been tested and we can

recommend their qualities for growth and bloom as satisfactory, and a selection for a border or mass planting will be found to give masses of color. They have been grown from the **CHERRY HILL STRAIN** and we feel sure that you will be delighted with them in your garden.

ALBERT CROUSSE (Crousse 1893), large, well-formed 8.6 flowers; soft shell-pink with faint salmon tints. Stems tall, strong and vigorous. Fine as a cut flower. Late.

BARONESS SCHROEDER (Kelway 1899), one of the best 9.0 and most satisfactory white peonies. Immense globular flowers, white guard petals, and a soft baby-pink center becoming pure white. Stems very strong and vigorous, medium green foliage. Late midseason.

Elisa (Dessert 1922), large flowers of soft flesh-pink of semi-8.5 double form. Stamens mixed among the petals give golden lights. Strong, erect stems make this a good garden variety. Pleasant fragrance. Midseason.

Etta (Terry 1904), immense, semi-flat flowers of a very fine 8.0 shade of shell-pink. Rather weak stems. We consider this one of Terry's best. Very late.

Galathee (Lemoine 1900), large, compact, globular flowers 8.1 of pearly-white, borne on long stems. Very late, but opens well and is superb.

GRANDIFLORA (Richardson 1883), exceptionally large 8.8 flat flowers of silvery shell-pink. Petals pointed, giving very pretty effect. Very late. Extra.

H. A. Hagen (Richardson 1904), well-formed, cup-shaped 8.2 flowers with broad, rounded petals of deep rose-pink. Strong stems and good foliage. Late. This variety somewhat resembles E. G. Hill, but is a much better grower and blooms more freely.

JAMES KELWAY (Kelway 1900), exquisite white with 8.7 a golden glow at base of petals. Tall, strong and very fragrant. Early midseason.

John Richardson (Richardson 1904), large, flat flowers; 8.2 center deep pink, gradually fading lighter toward the tips of the petals. Tall grower. Fragrant.

Jubilee (Pleas 1908), extremely large, flat flowers of ivory-8.9 white, petals long and narrow and arranged loosely, giving a feathery effect. Stems long but weak. Midseason.

KARL ROSENFELD (Rosenfeld 1908), brilliant dark 8.8 crimson; of good form and substance. Stems stiff. Medium height. One of our best of this color.

LADY ALEXANDRA DUFF (Kelway 1902), one of the 9.1 finest of the Kelway productions. Very broad petals of soft blush-pink, with flesh tints. Height medium and stems upright. A strong grower in every way. midseason.

LA PERLE (Crousse 1886). The true variety is a charming 8.5 flower. Blush-white in center, growing darker toward the edge. Fragrant. Late.

Lora Dexheimer (Brand 1913), dark red but of a brilliancy 8.4 which makes a fine accent in the garden. Flowers globular and of fine form. Midseason.

Lorch (Goos & Koenemann), large, well-shaped flowers of 8.7 white, showing creamy tints in the center. Rose scented. Midseason.

Madame Emile Lemoine (Lemoine 1899), large, full blooms 8.9 of soft flesh-white. Petals have a rather translucent effect. Tall, strong stems. Midseason.

MARIE CROUSSE (Crousse 1892), globular blooms of a 8.9 very delicate shell-pink, or deep flesh-color. Stiff upright stems. Fragrant. A very attractive flower. Midseason to late.

MARIE JACQUIN (Verdier), pure white petals intermixed 8.3 with golden stamens, which give the flower a delicate creamy shade. Flowers somewhat variable, oftentimes semi-double. The outer petals are incurved—giving a cupped, water-lily effect which is charming. Stems strong. Midseason.

Mary Brand (Brand 1907), deep, brilliant red flowers. 8.7 Medium height. Midseason.

M. JULES ELIE (Crousse 1888), immense globular blooms, 9.2 guard petals recurved, resembling chrysanthemums. Clear medium pink with a silvery tinge. Midseason.

Mrs. C. S. Minot (Minot 1914). Plants of medium height, 9.2 with stiff stems and dark foliage. Very large flowers, finely formed, with broad petals. Guard petals faint shell-pink, center creamy-white with golden lights at base of petals. Late.

Mrs. George Bunyard (Kelway 1898), finely formed flower 8.3 of shell-pink, changing to deep blush; underside of guard petals somewhat flecked green. Tall, strong stems, bearing an abundance of flowers. Midseason to late.

Mont Blanc (Lemoine 1899), extremely large flowers of 8.4 milky-white, very full. Petals of medium width, fringed at tips, giving a feathery appearance. Stems large and tall. Midseason.

Phoebe Cary (Brand 1907), large flowers of very soft rose- 8.8 pink, shading deeper toward the center. Stems tall and strong. Late.

RICHARD CARVEL (Brand 1913), one of the best early reds 8.8 which we have. Large, bomb-shaped blooms of the same style as Felix Crousse but considered better in color. Early.

SARAH BERNHARDT (Lemoine 1906), very large, well- 9.0 formed flowers of good quality. Delicate shell-pink of charming freshness. Extra. Late.

SERIES D

\$1.00 each; \$10.00 per dozen.

Two-year clumps \$1.50 each; \$15.00 per dozen.

Three-year clumps \$2.00 each; \$20.00 per dozen.

Varieties listed in capitals are those found most popular.

Many of these are older varieties, which have stood the test of time and proved their worth. For mass effects or in the border they will be found most satisfactory and charming pictures may be obtained by their generous use.

ADOLPHE ROUSSEAU (Dessert & Mechin 1890), very 8.5 tall, strong grower—bearing rather loose, sometimes semi-double flowers of deep garnet. Very fine for the garden, where its height and color make it conspicuous. Early midseason.

AVALANCHE (Crousse 1886), fine flowers of convex form, 8.7 ivory-white, oftentimes with a touch of crimson on the central petals. Very good as a cut flower. Late mid-season.

Bayadere (Lemoine 1910), large globular flowers of creamy- 8.5 white with an amber light. Symmetrical and very pleasing in form. Midseason.

Candeur (Dessert 1920), bright rose-pink with petals edged 8.4 white, giving a total effect of silvery pink. Well-formed flowers and a fine garden variety. Midseason. Strong grower and blooms freely.

Charles McKellip (Brand 1907), large globular flowers of 7.8 brilliant, dark red. Blooms vigorously and freely. Late midseason.

CLAIRE DUBOIS (Crousse 1886), very large, globular 8.7 blooms of satiny pink, petals long and incurved. Strong stems and dark green foliage. Late.

Docteur H. Barnsby (Dessert 1913), large, very full blooms 8.1 of crimson with darker shades. Blooms in clusters, good variety for garden effects. Late.

Enchantment (Hollis 1907), large, globular blooms of deep 8.0 shell-pink. Strong, upright stems of medium height. Late. A very good landscape variety.

Eugene Bigot (Dessert 1894), a very fine brilliant crimson, 8.3 of upright habit and medium height. One of the most conspicuous of this color. Late midseason.

EUGENIE VERDIER (Calot 1864), tall free-blooming 8.6 variety, good size and form. Delicate flesh center, lighter outer-petals of beautiful satiny sheen. Midseason.

FELIX CROUSSE (Crousse 1881), a compact globular 8.4 bloom of large size and fine form. Deep ruby-red, center shading deeper. Very choice. Midseason to late.

Georgiana Shaylor (Shaylor 1908), exceptionally large, flat 8.9 flowers of pale rose-pink with an occasional crimson fleck. Dwarf but sturdy habit. Midseason to late. One of the best of Mr. Shaylor's seedlings.

Gigantea (Lamartine, Calot 1860) extremely large flowers, 8.2 delicate rose-pink. Midseason. A very popular variety for both garden effects and cut flowers.

Ginette (Dessert 1915), large, symmetrical flowers of deep 8.6 flesh, with salmon tints at base of petals. Golden stamens are visible in flowers from young plants, but when well established the flowers are extra fine. Fragrant. Midseason.

Henry Avery (Brand 1907), flushed white guard petals and 8.8 center, and wide collar of yellow petals. "Accidental" markings of yellow and green in the center. Fine for garden effect. Very fragrant.

JULES CALOT (Calot 1861), large, double flowers of a 7.2 beautiful shade of deep rose-pink. Blooms very freely and is choice as a cut flower. Late.

Loveliness (Hollis 1907), large flat, very full flowers of 8.8 light pink tinted lavender. Stem strong and upright. Late.

Our plants are grown in a northern climate.

Madame Auguste Dessert (Dessert 1899), very beautiful 8.6 soft pink, fading to flesh color. In the half-open flower a ring of golden stamens is visible. Midseason. A fine variety.

Mme. D. Treyeran (Dessert 1899), delicately tinted white 8.2 petals, dotted and splashed with lilac. A free bloomer and very fragrant. Early.

MME. EMILE GALLE (Crousse 1881), an exquisite shade of 8.5 shell-pink. Flowers large and borne on long stems. We can thoroughly recommend this when a very late variety is desired.

MARIE LEMOINE (Calot 1869), very large flower of creamy- 8.5 white, with a golden light reflected from hidden stamens. Fragrant. Stems dwarf but strong. Late. An especially beautiful flower.

MASTERPIECE (Kelway 1895), a deep, glowing crimson, 7.4 oftentimes showing some golden stamens. Stems erect and a very fine variety for garden effects. Late.

MONSIEUR DUPONT (Calot 1872), large, symmetrical 8.3 flowers of ivory-white with crimson markings in center. Strong, vigorous growth and a fine variety. Late.

Mrs. M. P. Clough (Shaylor 1917), large flower of salmon 8.6 pink. Midseason.

PIERRE DUCHARTRE (Crousse 1895), evenly colored, 8.2 deep shell-pink flower with very broad, rounded petals. Stems strong and upright, although only of medium height. Late.

Rachel (Lemoine 1904), large, globular flowers of excellent 8.3 form; fresh, soft rose. Strong stems. Midseason to late.

REINE HORTENSE (Calot 1857), large, compact flowers 8.7 with broad, rounded petals of soft flesh-color; center showing some crimson splashes. Very charming variety. Midseason.

Rosette (Dessert 1918), delicate shell-pink, illuminated with 8.8 salmon tints at base of petals. Golden stamens are sometimes visible. Occasional accidental marking on guard petals. Early midseason.

Standard Bearer (Hollis 1906), high-built, globular blooms 8.5 with recurved guard petals. Uniform color pale pink. Fragrant. Dwarf with strong, stiff stems. Early.

STANLEY (Crousse 1879), large globular flowers of light 8.0 pink with lilac lights. Total effect is very pretty. Midseason.

SUZETTE (Dessert 1911), petals of brilliant rose-pink in- 8.2 terspersed with golden stamens. Strong stems that give a profusion of blooms, literally covering the plants and making this a fine variety for garden effects. Midseason.

VENUS (Kelway 1888), exquisite pointed buds—opening 8.3 into large, compact flowers of delicate shell-pink with a collar of flesh-white. Extra good, both as a garden flower and as a cut flower. One of the best in our collection. Midseason.

Wilton Lockwood (Shaylor 1915), tall, strong-grower, pro- 8.8 ducing large, flat flowers of deep pink with pronounced crimson markings. Midseason.

SERIES E

75 cents each; \$7.50 per dozen.

Two-year clumps \$1.13 each; \$11.25 per dozen

Three-year clumps \$1.50 each; \$15.00 per dozen

If you wish to plant Peonies as a border or background for other perennials, you will find a good selection in this series. The flowers are not as large as many of the newer ones, but where landscape effects are desired, plants from this series offer a material saving in costs. We have entirely discarded many varieties which did not give a large number of blooms.

Aviateur Reymond (Dessert 1915), an attractive shade of 8.0 cherry-red, with deeper garnet shades at base of petals. Midseason.

Beauty's Mask (Hollis 1904), large flower of faint blush-pink 7.9 with narrow petaloids of deep cream, edged yellow. These are incurved with the petals and give the flower a distinctive appearance.

Bertrade (Lemoine 1909), large, compact blooms of ivory- 8.6 white; stiff stems and vigorous habit when established. Late.

Boule de Neige (Calot 1867), this variety blooms about 8.0 midseason and produces very large white flowers, usually with rather uniform red markings. It resembles M. Dupont but is usually larger.

COURONNE d'OR (Calot 1873), large, full flowers of white 8.1 with a circle of golden stamens. The center petals are sometimes marked crimson. Late.

Docteur Caillot (Verdier 1856), good-sized flowers of crim- 7.2 son. Blooms very freely, oftentimes in clusters, and is very good for garden effects. Midseason.

DUCHESSÉ de NEMOURS (Calot 1856), cup-shaped 8.1 blooms; broad guard petals of white and narrower central petals of sulphur-yellow, with oftentimes a marking of green. Early midseason.

Faribault (Brand 1918), deep rose of unusual shade, with 7.8 a silver sheen.

FESTIVA MAXIMA (Miellez 1851), probably the most 9.3 widely known of any peony. Exceptionally large ivory-white flowers of rather feathery appearance, with a fleck of crimson in the center. Strong grower and free bloomer. Midseason.

Germaine Bigot (Dessert 1902), cameo-pink with lighter 8.5 flesh-colored tints in center, very broad petals and altogether a fine flower. Stems of medium height and upright. Midseason.

La Fayette (Dessert 1904), large, evenly formed blooms of 7.8 rich pink, with a silvery reflex. Fragrant and a fine variety. Midseason.

La Tendresse (Crousse 1896), delightful milk-white flowers 8.1 with an occasional splashing of carmine; good size and borne freely in clusters. Midseason.

Hardiness—a New England characteristic.

Livingstone (Crousse 1879), compact flowers of light silvery-8.1 pink, oftentimes flecked with carmine. Strong stems produce a profusion of bloom. Late.

Mme. de Verneville (Crousse 1885), a beautiful milk-white 7.9 peony, with center flesh-pink when first opened. Center petals sometimes tipped with carmine. Early to mid-season.

MME. DUCCEL (Mechin 1880), extra large, globular blooms 7.9 of beautiful rose-pink with silvery reflex, resembling a mammoth chrysanthemum. Very fine. Midseason.

Mlle. Jeanne Riviere (Riviere 1908), guard petals deep 8.2 flesh, gradually changing lighter; center petals narrower and of a deep cream shade. Tall, strong stems and abundant flowers. This variety is especially good for garden or mass effects. Midseason.

Marguerite Gerard (Crousse 1892), globular blooms of 8.4 flesh-pink fading to creamy-white, showing a ring of gold when fully developed. Late.

Marquis C. Largergren (Dessert 1911), brilliant cherry-red 7.8 with darker shadings. Flowers borne in clusters on stiff, upright stems, which make it an excellent variety for mass planting. Midseason.

Midnight (Brand 1907), large, very dark maroon; good for 7.3 cut flowers. Early midseason.

Modeste Guerin (Guerin 1845), large dark rose-pink. 7.8 Fragrant. Effective as a garden variety. Early.

Octavie Demay (Calot 1867), large, rather flat flowers of 8.5 pink and white beautifully blended. Fragrant. Dwarf plant but good foliage. Early.

Pasteur (Crousse 1896), large flowers of very delicate shell-8.4 pink, with soft yellow lights at base of petals. Mid-season.

SOUVENIR du DR. BERTONNEAU (Dessert 1880), deep 7.2 rosy-red; rather loosely arranged petals. Midseason.

SERIES F

50 cents each; \$5.00 per dozen.

Two-year clumps 75 cents each; \$7.50 per dozen.

Three-year clumps \$1.00 each; \$10.00 per dozen.

Many of the older varieties of Peonies have been discarded and sometimes we overlook good qualities which have made these varieties so well liked in the past. The varieties listed in this series will not produce individual blooms for the show table, but they do make a pretty effect in the garden.

Edith Lyttleton (Kelway), quite an early and free blooming variety of large, globular form. Coloring a beautiful deep shell-pink with light satiny tips.

Edouard Andre (Mechin 1874), medium-sized blossoms of 7.1 a satiny crimson maroon, with rich golden center. Mid-season.

Not "How many" but "How good" is one of our slogans.

EDULIS SUPERBA (Lemon 1824), deep rose-pink, with 7.6 an occasional crimson marking. Guard petals wider than those in the center. Very early.

Gloire de Charles Gombault (Gombault 1866), tall, strong 7.9 stems—bearing large flowers of mauve-pink, with a deep collar of creamy-white and a pink tuft in the center. Very distinct. Midseason.

Mme. Barillet Deschamps (Calot 1868), a variety well 7.8 adapted for landscape work. Blossoms large, well formed and a beautiful soft rose with silvery reflex. Foliage quite broad. Midseason.

Mme. Guyot (Paillet), large, high-built flowers of deep 7.7 cream, with some markings of green. A strong grower and free bloomer. Very desirable. Early.

Marcelle Dessert (Dessert 1899), creamy-white splashed 8.2 with minute lilac dots, giving the effect of a delicately tinted flower. Some "accidental" carmine markings. Fragrant. Midseason.

Marechal Vaillant (Calot 1867), immense, full blooms of 7.5 crimson of good substance. Stems long, but should be supported to keep up heavy blossoms. Very late.

Mlle. Leonie Calot (Calot 1861), a beautiful shade of salmon- 8.1 pink, fading to a soft flesh-pink. Blooms freely in clusters on long stems. Late.

Princess Irene (Kelway 1889), tall, strong grower and of 7.2 free-flowering quality. Guard petals flesh pink and center sulphur-yellow. One of the best "yellow" peonies. Midseason.

Winnifred Domme (Brand 1913), medium-sized flowers of 8.3 bomb type; bright red. Medium height and strong stems. Early midseason.

Le Cygne—one of the finest white peonies.

Single Peonies

Price per dozen at ten times the single rate, e. g. \$1.00 each; \$10.00 per dozen.

Prices quoted are for large divisions (L. D.) consisting of strong three to five-eye divisions, and one-year (1 yr.) plants, which are divisions grown for one year or divisions equal to those.

For two-year clumps add 50 per cent to one-year price.

Three-year clumps at double the price of one-year plants.

The single flowers, or those having a single row of petals with a center of yellow stamens, are the first to bloom, but will last for some time, for as the terminal flower fades the side or lateral buds open. For garden effects they are most satisfactory. They are more individual and withstand the rains and winds where the heavier doubles might be beaten down. In the early morning and at dusk the flowers are closed, resembling large rosebuds, and are especially alluring. If cut when in bud and brought into the house they keep a week or more. We have tested varieties for many years and list below those we have found to be best.

ADANA (Kelway), very fine single flowers with broad petals of good substance; delicate shell-pink with bright golden stamens. Long buds resembling roses. \$1.50 each.

Black Prince (See Series A).

Celeste Brochet (Brochet), milk-white petals—thickly sprinkled with minute dots of lilac, giving a total effect of pale lavender or faint pink. Stock limited. \$1.50 each.

CLAIRETTE (Dessert 1905), tall, strong stems with dark green foliage, bearing very large pure white flowers. The petals are long and silky and the center mass of stamens is bright yellow. \$1.50 each.

Duchess of Portland (Barr), white, faintly tinted pink, gradually deepening toward the center of each petal. Strong, tall grower. \$1.00 each.

Emily (Kelway), rose-pink, not tall but free-flowering and shows up well in the border. 75 cents each.

HELEN (See Series A).

Hermes (Kelway), the broad petals of soft pink enhance the large golden center of stamens. \$1.00 each.

HESPERUS (Kelway), broad petals of deep shell-pink of good substance, forming a cup-shaped flower. \$1.00 each.

Lady Margaret Ferguson (Kelway), broad petals of deep yet delicate pink, medium height and good foliage. \$1.00 each.

LE JOUR (Shaylor 1915), large, pure white single flowers; petals of good substance so that the flowers do not wilt down. Stamens yellow, showing red stigmas. Very fine. Early. L. D. \$2.00. 1 yr. \$3.00.

L'ETINCELANTE (Dessert 1905), large flowers and broad petals of bright pink, with silvery borders. Total effect is a soft but bright pink, which is especially attractive in the garden. \$1.50 each.

MRS. KEY (Terry), a deep shade of glowing crimson. Very 7.9 effective and one of the best of its color. \$1.00 each.

Perle Blanche (Dessert 1913), broad, rounded petals of 8.4 pure white and a glowing mass of golden stamens. Stems tall and erect. \$1.50 each.

Pride of Langport (Kelway 1909), deep shell-pink with 8.9 compact cluster of golden stamens. Stems strong and an abundance of bloom. L. D. \$1.50. 1 yr. \$2.00.

Princess of Wales (Barr), a beautiful shade of pink. The flowers resemble wild roses. L. D. \$1.50. 1 yr. \$2.00.

Queen of May (Kelway), soft deep pink petals of good size. Medium height. \$1.00 each.

Single White. From among our many thousands of seedlings we selected a number of the best. Glistening white flowers with golden stamens. 75 cents each.

STANLEY (Kelway 1890), brilliant red, with large golden 7.8 center. The foliage of this variety is broad and luxuriant and especially attractive throughout the summer. \$1.00 each.

THE BRIDE (Dessert 1902), large white flowers, with a 8.4 glowing mass of stamens. Tall, stiff stems and luxurious foliage. \$1.00 each.

The Queen (Kelway), a beautiful white, delicately suffused blush-pink. Free blooming and vigorous. \$2.00 each.

Victoria. Long petals of a brilliant crimson, which glow in the sun. Foliage dark green. \$1.00 each.

Venus (Barr). Dark green foliage and shell-pink flowers of cupped form. These have good substance and give a long period of bloom. L. D. \$2.00. 1 yr. \$3.00.

Whitleyi Major. Quantities of blush-white flowers with 8.5 golden hearts are borne on the strong stems. Foliage heavy and dark green. \$1.00 each.

Japanese Type Peonies

The so-called Japanese Peonies are those which have one or two rows of petals and centers of stamens much thickened. These latter are almost devoid of pollen and in some varieties make thick cushions of golden yellow. In others the stamens are self-color tipped or crusted with yellow. The effects are beautiful and distinct and are charming for the garden and as cut flower decorations.

Alma (Shaylor 1916), pale pink petals, enclosing a mass of 8.5 incurved yellow petaloids. A fine Japanese variety. \$1.00 each.

AMA-NO-SODE. Exceptionally large flowers; petals 9.2 bright rose-pink with lighter tints, and a mass of stamens. L. D. \$3.00. 1 yr. \$4.00.

AUREOLIN (Shaylor 1917), a Japanese type of medium 8.9 size, with pink guard petals and deep sulphur center. Midseason to late. L. D. \$1.50. 1 yr. \$2.00.

Currant Red (Jeffries), double row of cup-shaped petals of lively cerise-red, stamens yellow marked with self color. Of medium height yet conspicuous in the garden. A fine variety. L. D. \$5.00. 1 yr. \$6.50.

DEPARTING SUN. Broad petals of carmine-red with a 8.5 tinge of yellow. Stamens petal color on face and straw yellow on reverse, crested yellow and somewhat twisted. When seen in the light of the setting sun, it fairly glows. Distinct and beautiful. L. D. \$2.50. 1 yr. \$3.50.

EDWARD VII (Kelway). We have found this to be a good red, of strong growth and a profusion of bloom. Petals of deep crimson and a good, compact center of yellow stamens. Midseason. \$1.50 each.

Emma. Large, broad-petalled flowers of attractive bright pink, borne on strong upright stems. An extra fine variety. Stock limited. L. D. \$3.00. 1 yr. \$4.00.

Flashlight (Hollis 1906), crimson petals, with narrow center 8.2 petals deep yellow with crimson shades. A most distinct and attractive flower. \$1.50 each.

Francois, broad, cupped petals of bright red of a rather unusual shade with heavy golden center. Plant of bushy growth and medium height. Late midseason. L. D. \$1.50. 1 yr. \$2.00.

Fuyajo. Dark garnet petals; center petals narrow and 9.2 striped garnet and white. L. D. \$2.00. 1 yr. \$3.00.

Glow, well-rounded petals of deep cerise-pink surround a cushion of long stamens of self color heavily overlaid and crusted with straw yellow. Its bright tone makes it noticeable in the garden. L. D. \$2.00. 1 yr. \$2.50.

Gold Mine (Hollis 1907), deep, vinous-red petals and golden 8.2 stamens. \$1.00 each.

ISANI GIDUI. Tall, strong stems; rounded petals of pure 9.3 white, with a thick cushion of golden stamens. We consider this one of the best whites which we have ever seen. L. D. \$4.00. 1 yr. \$5.00.

KING OF ENGLAND (Kelway 1902), a rich shade of car- 8.6 mine; long stamens self-color, edged golden. Tall, strong grower and free bloomer. A brilliant variety. \$1.50 each.

MARGARET ATWOOD. Large flower of pure white; 8.7 petals broad and rounded and of good substance, so that they form a cup-shaped bloom. The large cushions of golden stamenoids make a charming contrast in this gold and white flower. L. D. \$3.00. 1 yr. \$4.00.

MIKADO. Rich, dark red petals and a broad center of 8.6 stamens of deep yellow, edged dark red. Midseason. \$1.50 each.

Purity (Kelway). Large flowers, with broad petals of pure white. The center is a compact mass of incurved yellow stamens. These flowers are charming, both as cut flowers and in the garden. L. D. \$1.50. 1 yr. \$2.00.

Purple Cup (Kelway), deep cherry-red petals, which make an effective contrast with the golden stamens. \$1.50.

Some-ganoko, deep crimson but with a satiny finish, giving 9.0 a brilliant effect. Compact center of yellow stamens. Excellent for an accent in the garden. L. D. \$2.50. 1 yr. \$3.00.

Keep the ground around your plants and shrubs well cultivated.

Sophia Houston, medium in size of a pleasing shade of soft rose pink. The mass of heavy stamens make an effective contrast. Midseason. \$1.00 each.

Soshi (Millet), rounded petals of deep crimson of good substance. The stems are strong and bear the flowers so that they make an excellent accent in the garden. L. D. \$2.00. 1 yr. \$3.00.

The Dragon (Wallace), broad petals of crimson contrast strongly with the large yellow center. Long, strong stems. \$1.50 each.

TOKIO. Tall, strong stems with an abundance of dark green foliage. Large flowers of rose-pink petals and a thick mass of incurved stamens. One of the best Japanese pinks which we have. L. D. \$2.00. 1 yr. \$3.00.

Toro-no-maki. Large, blush-white petals, fading to white as flower opens; center of creamy stamenoids, edged and tipped yellow. Medium height and good growth. Midseason. L. D. \$3.00. 1 yr. \$4.00.

No. 77-A. One of our seedlings which we have not named. Deep pink guard petals, center petaloids deep salmon-pink, sometimes mixed with longer ones of rosy-pink (as if dipped). Very early and attractive because of its oddity. Strong growth. \$1.00 each.

PEONY COLLECTIONS OF UNUSUAL VALUE

COLLECTION NO. 1

Baroness Schroeder, 9.0. Faint pink, opening pure white.

Cherry Hill, 8.6. Deep garnet. Very early.

Lady Alexandra Duff, 9.1. Broad petals of blush-pink.

Venus, 8.3. Blush pink and white.

Regular price \$6.00—Collection price \$4.50.

COLLECTION NO. 2

Adolphe Rousseau, 8.5. Deep garnet-red. Early.

Frances Willard, 9.1. Large, white. Midseason.

Mme. Jules Dessert, 9.4. Creamy-white. Midseason.

Therese, 9.8. Shell-pink. Midseason.

Regular price \$7.50—Collection price \$5.00.

COLLECTION NO. 3

Philippe Rivoire, 9.2. Dark crimson. Late.

Phyllis Keway, 9.0. Light pink. Late.

Priscilla Alden, 9.1. Pure white. Early.

Souvenir de Louis Bigot, 9.1. Salmon pink. Midseason.

Regular price \$13.00—Collection price \$9.00.

COLLECTION NO 4—JAPANESE TYPE

Francois. Bright red. Late midseason.

Margaret Atwood, 8.7. Pure white, golden center. Midseason.

Mikado, 8.6. Dark red with center of red and gold. Midseason.

Tokio, 8.9. Rose-pink. Midseason.

Regular price \$10.50—Collection price \$7.50.

Various Peonies

We have grouped below several varieties. The first three are crosses between Chinese Peonies and Wittmanniana and the last four are European types and varieties. They are all early flowering and extend the season of Peonies by two weeks.

AVANT GARDE. Exquisite, single flower of pale smoky-8.6 pink, with golden tints and golden stamens. L. D. \$2.00. 1 yr. \$2.50.

LE PRINTEMPS. A creamy-yellow shade, difficult to de-8.6 scribe, with faint reddish veinings at base of petals. Yellow stamens. L. D. \$2.00. 1 yr. \$2.50.

MAIFLEURI. Delicate flesh-white, with a rich creamy-yellow over-color. Very fine. L. D. \$2.00. 1 yr. \$2.50.

The above three are very similar, but distinctive from the other varieties for their delicacy of coloring.

ANOMALA. Single flowers of bright red, with center of golden stamens. Foliage finely cut. Often called the "fern leaved peony." Very early. Height 6 to 9 inches. Fine for rock gardens. \$1.00 each.

Officinalis alba plena. Beautiful, ivory-white flowers—fully double, possessing good substance, so that they will last for some time as cut flowers. \$1.50 each.

OFFICINALIS RUBRA PLENA. Double, bomb-shaped 8.6 flowers of bright blood-red, with almost no traces of purple. The old-fashioned red "piney". 75 cents each.

Unnamed Peonies. For those who wish a good collection without names, we can furnish a good assortment in two grades—\$3.50 and \$5.00 per dozen. They are all good varieties and would be worth much more if sold to name.

For those who wish Japanese-type Peonies we can furnish two grades in a mixture of colors. \$5.00 per dozen and \$7.50 per dozen.

Tree Peonies

Tree Peonies (*Paeonia suffruticosa*) make a woody growth and do not die back to the ground in the fall, but eventually form broad shrubs. Propagation is difficult as the scions are grafted on herbaceous peony roots and the growth is slow, but if one will be patient, the results are well worthwhile. The color range is far wider than in the herbaceous class including the salmon pinks and yellow.

They do not need especial care except for a covering in the winter to shade them as the blooming period is early. The buds start very early in the spring and may be damaged by late frosts unless this precaution be taken.

We have experimented with them for a number of years and can offer the following varieties in 2 or 3-year old plants, except as noted at:

\$4.50 each

\$40.00 per ten

Argosy (Saunders 1928), large single flowers of sulphur-yellow. A hybrid of *P. lutea* and *suffruticosa*. Strong, bushy growth and blooms freely. We can offer a limited number of plants at \$15.00 each.

Comtesse de Tuder (Gom. 1889), double flowers of deep salmon-pink, tips of petals white.

Fragrans Maxima (Koenig 1853), double, flesh-pink with salmon tones of a shade not found in herbaceous varieties.

Mme. de Vatry (Guerin 1867), double, satiny pink with lilac shadings. Very large.

Reine Elizabeth, double, very large blooms of intense salmon-pink. One of the very best.

Souvenir de Ducher (Ducher 1889), double, bright reddish-violet with silvery reflex.

Souvenir de Maxime Cornu (Henry 1897), double flowers of deep yellow, heavily shaded orange. A most unusual coloring. \$12.00 each.

Triomphe de Vandermaelen (Van. 1867), double, clear rosy purple with satiny petals.

Woodland path planted with Cherry Hill Rhododendrons.

Phlox

For color in the garden or border in late summer and fall, there is nothing more satisfactory than Phlox. The newer varieties, which have been introduced in the past few years, have been selected for their clear coloring—bright scarlet reds, clear pinks and soft lavender and deeper shades, avoiding magenta. These, with white, give materials for many pleasing color combinations in the garden picture.

Phlox should be planted in well drained, fertile soil and separated or thinned every three or four years. This allows more air around the foliage and overcomes a tendency to mildew of the lower leaves. We have found that dusting the foliage with sulphur is also one of the best methods of prevention. As soon as the flowers have faded, pick off the heads before the seed ripens. This allows the plant to make a second flowering and prevents seedlings springing up and choking the parent plants. These seedlings are usually much inferior in color and cause much confusion.

SERIES A

20 cents each; \$2.00 per dozen; \$15.00 per 100.

Six plants of one variety will be furnished at the dozen rate, twenty-five or more at the hundred rate.

G. A. Strohlein, medium to tall, midseason. Large flowers of orange-scarlet make this one of the brightest of colors for the garden picture. Planted with white, it is extremely effective.

H. B. May, dwarf to medium height. Especially large flowerets of soft pink with a deeper center. Very attractive coloring.

Hanny Pfeiderer, dwarf to medium height. Midseason. Beautiful ivory white overlaid with carmine, deeper at the center.

Miss Lingard, medium height. Tall, narrow heads of white appear in late June and, if cut back, continue throughout the season. The glossy green foliage is always ornamental.

Rynstroom, tall, midseason to late. The brilliant rose pink flowers of large size are borne in full heads.

Stella's Choice, very tall, late. Very vigorous in growth. The stems have a branching habit, producing enormous trusses of pure white.

SERIES B

25 cents each; \$2.50 per dozen; \$18.00 per 100.

Six plants of one variety will be furnished at the dozen rate and twenty-five or more at the hundred rate.

Boule de Feu, medium height, midseason to late. Large full heads of deep salmon red. Good habit.

Europa, medium height, midseason. Large well-formed trusses of ivory white with distinct carmine eye. A very pleasing variety.

- Evelyn**, tall, midseason. Rich salmon rose panicles and trusses of immense size. Very fine for massing.
- Frau Anton Buchner**, medium to tall, midseason. Large ivory white flowers of strong growth make a fine mass effect.
- Jules Sandeau**, dwarf, midseason. The bright rose pink flowers are borne in abundance over a long period. A very satisfactory variety.
- Le Mahdi**, tall, late. Of all the "blue" phlox we have grown, we consider this the best. Good-sized panicles and trusses of deep bluish purple.
- Mia Ruys**, dwarf, midseason. Pure white. The branching heads make a low mass which is very effective.
- Morganrood**, medium height, midseason. A distinct new variety. Clusters and individual florets large and of a bright rose shade with a deeper eye.
- Mrs. Milly van Hoboken**, medium to tall, late midseason. Bright but soft pink. The florets are of exceptional size and the plants blossom freely.
- Reichsgraf von Hochberg**, medium to tall, midseason. Coloring, brilliant wine-red. Attracts attention wherever grown.
- Ruth May**, medium height, midseason to late. Broad branching heads of fresh light pink with deeper eye. This makes an attractive bloom over a long period and is very satisfactory.
- Widar**, medium height, midseason. Deep violet blue with a white center. The color does not fade and is very satisfactory.

SERIES C

35 cents each; \$3.00 per dozen; \$22.00 per hundred.
(Except where noted.)

Six plants of one variety will be furnished at the dozen rate and twenty-five or more at the hundred rate.

- Albert Leo Schlageter**, medium height, early. Glowing scarlet-carminé flowers with darker centers. Strong growth and free-flowering habit.
- B. Comte**, medium height, midseason. A beautiful deep velvety shade of reddish plum color. Good vigorous growth and free blooming qualities.
- Border Queen**, dwarf midseason. Good sized heads with unusually large florets of bright rose to watermelon-pink. An improved Jules Sandeau.
- Caroline Vandenberg**, medium height, midseason. Large individual flowers borne in compact well-formed trusses. Color of dark blue violet which has proved very popular.
- Daily Sketch**, medium height, midseason to late. Extra large flowers. Brilliant salmon pink with darker eye. It strikes an outstanding note of color in the garden.
- E. I. Farrington**, medium height, midseason. Soft salmon pink with lighter eye. This combines effectively with almost any color.

Perennials are attractive all summer.

- Elisabeth Campbell**, medium height, midseason. Large flowers of salmon-pink with a lighter center. This is the most popular phlox which we have ever grown and we are fortunate in being able to supply the true strain.
- Enchantress**, medium height, midseason. Salmon-pink resembling Elisabeth Campbell but having a darker center. Very desirable.
- Gustaf Lind**, dwarf, midseason to late. Beautiful salmon red coloring. It is not often that we can get a dwarf red of such intense coloring.
- Karl Foerster**, medium height, midseason. A sturdy growing, dark orange-red with individual panicles and trusses of large size. A newer variety.
- Lillian**, medium height, midseason. Clear pink with faint lavender eyes. The large flowers are borne on compact trusses, giving a fine effect. New and extra choice.
- Mme. Paul Dutrie**, medium to tall, midseason. Strong heavy blooms of exquisite shape, orchid pink with slightly darker center. Although not new, it is always scarce.
- Maid Marian**, tall, midseason. A variety originated by us. The large flowers of soft clear lavender are especially fine and it is always popular. A beautiful combination with Elisabeth Campbell.
- Mary Louise** (Saunders), tall, late. Flowers of waxy white of large size. This variety was introduced by us and we consider it the finest white phlox which we have ever seen. 40 cents each; \$3.50 per dozen.
- Mountain Laurel** (Fewkes), tall, midseason. Another of our new introductions. The delicate, shell pink flowers borne in broad heads remind one of the pink Mountain Laurel. A fine variety.
- Mrs. Scholten**, medium height, midseason. Large flowers and finely formed heads. The color is a clear bright red which makes a wonderful showing.
- Nordlight**, medium height, midseason. One of the newer importations from Europe. Extremely large florets of a warm lilac blush with a violet red eye.
- Salmon Glow**, medium height, late. Rich salmon pink with a somewhat lighter center. The mass effect of a group of these plants is especially effective. One of the very best of the newer varieties.

A glimpse of our Rose and Peony gardens

Iris

FLEUR-DE-LIS

The bearded iris have a wide range of color, their various tints and hues embracing all colors of the rainbow—white, pink, yellow, blue and violet in many combinations. They are hardy and easy to grow continuing for many years almost without attention. Liberal use will produce masses of bloom making a most colorful garden through May and June.

We are constantly adding new varieties to our collection which are improvements over older varieties which are discarded. These newer ones are not merely novelties but those which we consider have intrinsic worth.

The old leaves and stalks should be cleaned off and burned every year so that there will be no harboring place for disease or pests.

Six of one variety will be furnished at the dozen rate.

Afterglow—H. 36 in. S. and F. beautiful soft lavender-gray with rich yellow lights. Very nice. 25 cents each; \$2.50 per dozen.

Alta California—Tall, clear yellow, slightly flushed bronze at base of petals. Hardy and fine for mass effects. 75 cents each; \$7.50 per dozen.

Ambassadeur—H. 3½ ft. S. dark reddish violet; F. beautiful velvety violet. Extra large. Commands admiration anywhere. 25 cents each; \$2.50 per dozen.

Black Wings—H. 38 in. One of the newer introductions. S. dark blue; F. a midnight blue. A vigorous grower and delightfully fragrant. 50 cents each; \$5.00 per dozen.

Blue Velvet—Tall, rich velvety blue shades, which make a fine garden effect. 50 cents each; \$5.00 per dozen.

Bruno—Standards are rosy-fawn with golden lights; falls a rich glowing reddish brown. 25 cents each; \$2.50 per dozen.

Clara Noyes—Medium height. A warm, rich blend of coppery red and with buff and yellow lights. Noticeable in the garden. 50 cents each; \$5.00 per dozen.

Coronation—One of the best of the recent yellows. Of good height the clear yellow flowers make a fine mass. 25 cents each; \$2.50 per dozen.

Crystal Beauty—As its name implies, pure white of large size and good form. Tall, branching flower stalks. 60 cents each; \$6.00 per dozen.

Dauntless—Strong stems bearing very large flowers of rich, velvety red. Meets with approval everywhere. 50 cents each; \$5.00 per dozen.

Depute Nomblot—Very tall with heavy branching stems. The standards are copper-red shading to bronze, falls wide and of a deep claret crimson. 50 cents each; \$5.00 per dozen.

Dolly Madison—A very effective blending of mauve-pink and lavender with deep orange beard. Very popular. 30 cents each; \$3.00 per dozen.

Dream—A very interesting and satisfactory variety of soft even pink. 30 cents each; \$2.50 per dozen.

- El Capitan**—Exceptionally large blooms of light violet-blue. This makes a striking note of color in the garden. 50 cents each; \$5.00 per dozen.
- Eleanor Roosevelt**—Deep velvety purple self color, which blooms in the spring and fall. 50 cents each; \$5.00 per dozen.
- Electra**—Petals pearly white marked on edges with blue and the whole flower lighted with a golden beard. 75 cents each; \$7.50 per dozen.
- Empress of India**—An attractive, medium height variety of deep bluish lavender with somewhat darker falls. 30 cents each; \$3.00 per dozen.
- Erebian**—Big heavy flowers on branching stems of dark velvety red with heavy gold beard. 50 cents each; \$5.00 per dozen.
- Euphony**—A delightful dull yellow overlaid with brown tones. Blooms very freely. 30 cents each; \$3.00 per dozen.
- Grace Sturtevant**—Standards chocolate-brown with darker falls and orange-red beard which lights up the whole flower. 50 cents each; \$5.00 per dozen.
- Indian Chief**—Deep reddish shades overlaid with bronze making a very attractive flower. Tall and well-branched stems. 40 cents each; \$4.00 per dozen.
- Jean Cayeaux**—A variety of outstanding beauty. Tall, self-color of light buff with a golden light. Large, well-shaped flowers on branching stems. \$1.00 each; \$10.00 per dozen.
- June Bride**—Pure white with golden beard. Vigorous and free flowering. One of the best whites. Tall. 35 cents each; \$3.00 per dozen.
- King Midas**—Golden-buff with deeper tones and orange-gold beard. As its name implies—a golden flower. Early, medium height. 40 cents each; \$4.00 per dozen.
- King Solomon**—Exceptionally large flowers of dark bluish purple. 60 cents each.
- Kochi**—Not new, but very effective with its long pointed buds of almost black and deep rich purple flowers. Semi-dwarf. 25 cents each; \$2.50 per dozen.
- Labor**—Extra large, deep garnet overlaid with a coppery sheen. 25 cents each; \$2.50 per dozen.
- Legend**—Large blooms of deep rich claret color, standards of a lighter bluish color. Very desirable. 60 cents each; \$6.00 per dozen.
- Lent A. Williamson**—One of the most popular iris ever introduced. Tall with flowers of deep blue with darker, rich purple falls. 25 cents each; \$2.50 per dozen.
- Lord of June**—Immense flowers on tall branching stems. Standards blue lavender; falls deep violet. 35 cents each; \$3.00 per dozen.
- Los Angeles**—Tall. Standards and falls pure white with faint edgings of lavender blue. Extra. 60 cents each; \$6.00 per dozen.

Freshly dug stock, delivered by truck, makes for better growth.

- Magnifica**—As its name implies, a magnificent flower. A pleasing blend of blue and violet. Very beautiful. 35 cents each; \$3.50 per dozen.
- Ma Mie**—One of the daintiest and most popular whites with edges pencilled a deep lavender. 25 cents each; \$2.50 per dozen.
- Mary Geddes**—An iris with a distinctly unusual color note. The standards are of salmon color with deeper colored falls. \$1.00 each; \$10.00 per dozen.
- Melchoir**—A beautiful garnet self color with a bronze-yellow beard. Large size and considered among the very best. 40 cents each; \$4.00 per dozen.
- Meldoric**—Huge blackish blue self color. Not a free bloomer, but well worth waiting for. \$1.00 each.
- Midgard**—A very lovely yellow and pink blend. Hardy and free blooming. It makes a beautiful mass effect in the garden. 25 cents each; \$2.50 per dozen.
- Moon Magic**—A delightful light yellow with widely flaring falls. Wonderfully smooth in form and texture. Fine for massing or specimen planting. 60 cents each.
- Morning Glory**—Tall branching stems and large flowers of rich velvety reddish plum color and a glittering yellow beard. 50 cents each; \$5.00 per dozen.
- Morning Splendor**—Not new but one of the best. Standards deep red-violet and falls somewhat darker. 35 cents each; \$3.00 per dozen.
- Mrs. Valerie West**. Immense size blossoms of bronze-shot lavender with falls of a deeper velvety tone. Broad heavy foliage. 50 cents each; \$5.00 per dozen.
- Opera**—An old favorite of medium height. Standards bright red-violet and velvety reddish purple falls. A distinct variety. 25 cents each; \$2.50 per dozen.
- Pallida Dalmatica**—Tall, broadly branching flower stalks and wide foliage. Wide-petaled lavender flowers. Always a favorite. 25 cents each; \$2.50 per dozen.
- Pink Satin**—Delicate but brilliant pink with a satiny sheen of pure color. Fine for mass effect as it blooms freely. Medium height. 60 cents each.
- Pluie d'Or**—A beautiful, pure golden yellow self color of large size. Produces masses of bloom in the garden. 35 cents each; \$3.50 per dozen.
- Rameses**—Beautiful rose-pink and buff, exceptionally well blended. Heavy apricot beard. 50 cents each; \$5.00 per dozen.
- Red Dominion**—Very dark buds opening into velvety red blooms of fine quality. Distinct and beautiful. 75 cents each; \$7.50 per dozen.
- Redwing**—A "red" variety with darker shades making a total effect of reddish-brown. Flowers of large size and good keeping qualities. 35 cents each; \$3.50 per dozen.
- Sacramento**—Glistening white with reddish-brown dots and markings on the edges of the petals. Large flowers on tall stalks. 60 cents each; \$6.00 per dozen.
- Santa Barbara**—In color a pure lavender-blue of large size and spreading form. An outstanding variety. 30 cents each; \$3.00 per dozen.

- Shah Jehan**—The shadings of this flower are difficult to describe. Standards of creamy-buff with falls of brownish-red with lighter edges, the whole flower suffused with smoky lights. Tall and late blooming. 75 cents each.
- Shekinah**—A tall growing variety bearing canary yellow flowers. Its masses of flowers are fine for landscape effects. 25 cents each; \$2.50 per dozen.
- Sierra Blue**—Tall stalks bear many flowers of soft clear blue of fine form. A charming variety. \$1.00 each.
- Sir Michael**—The standards are a clear light blue and the falls deep rich mahogany with a beard of red-gold. An effective color combination in the garden. 35 cents each; \$3.50 per dozen.
- Souvenir de Mme. Gaudichau**—Medium height. The flowers are not large but have a depth of coloring to compensate—a rich blackish purple which strikes a dominant note. 35 cents each; \$3.50 per dozen.
- Susan Bliss**—A beautiful rich rose-pink with a delightful sheen. Good form and fine substance. 30 cents each.
- Sweet Lavender**—As its name implies, it is both pleasing to the eye and delightfully fragrant. S. pale lavender; F. deep rose-lavender. 25 cents each; \$2.50 per dozen.
- Valor**—Deep blackish purple with broad well-formed petals. Borne on very tall stems, this is outstanding in the garden. Fragrant. 60 cents each; \$6.00 per dozen.
- Venus de Milo**—Rich white flower with a golden beard, of very pleasing effect. Considered one of the best white varieties yet produced. Medium height. 75 cents each; \$7.50 per dozen.
- Wedgewood**—An attractive rich blue self. Flowers of large size with prominent white beard. 25 cents each; \$2.50 per dozen.
- William Mohr**—A very large flower of most unusual coloring. Pale lilac heavily netted with deep violet producing a dusky effect which is charming. 50 cents each; \$5.00 per dozen.

VARIOUS IRIS

- Cristata**—Flowers of delightful amethyst blue borne on very short stems so that they cover the ground. Excellent for rock work. 20 cents each; \$2.00 per dozen.
- Forresti**—Attractive pale yellow flowers and narrow grass-like foliage growing about 18 inches high. Very fine for naturalizing. 50 cents each; \$5.00 per dozen.
- Pumila**—These little dwarf iris growing about four to six inches high are the earliest to bloom. Light blue, dark blue, white, yellow and royal purple colors. 25 cents each; \$2.00 per dozen.
- Siberica Orientalis**—Makes clumps of narrow foliage and many flowers of deep blue. Especially attractive are the long pointed buds. Very hardy. 20 cents each; \$2.00 per dozen.
- Siberica, Snow Queen**—A delightful white form of the above with soft yellow throat. 20 cents each; \$2.00 per dozen.

Our interest does not end after we have made the sale.

Japanese Iris

(IRIS KAEMPFERI)

Coming at the close of the long iris season, the Japanese Iris makes a fitting climax. The large, flat blooms are seen at their best in the early morning or at night, for these are warm days. The level rays of the sun glancing from one to another of the many hued flowers make a delightful picture.

We have imported many varieties and have grown new ones from selected seed. The list we present consists of the best we have found in the combined collections. We think you will find them very satisfactory indeed.

Varieties listed below, 30 cents each; \$3.00 per dozen. Six or more plants of one variety at the dozen rate.

Blue Lagoon, (E.66), 6 petal, dark blue, golden throat extending on the petal. Center gray, tipped violet-blue.

Circe, 6 petals, very large, of variable coloring from lavender to blue. Very fine for massing.

Garnet, (E.77), 3 petals, broad rounded petals of bright reddish violet with yellow throat.

Gold Bound, 6 petals, broad petals of shimmering white with golden throat. Always satisfactory.

Gray Dawn, (E.25), 3 petals, a delightful light gray bordered with reddish violet. Center gray edged with reddish violet.

Koki-No-Iro, a vigorous, free flowering, 6 petal variety with large flowers of rich violet-purple. White petaloids tipped violet.

Ruby, (93 X), 6 petals, rich, glowing red-violet. Very double, the center tending to develop extra petals.

Twilight, (69 BX), 6 petals, gray heavily overlaid with a fine veiling of lavender. Center gray powdered with lavender.

Venus, 3 petals, snowy-white with slender golden throat.

Unnamed Varieties. A very fine mixture of colors exceptionally good for mass effects. We offer these for \$1.50 per dozen; \$10.00 per hundred.

A busy day at Cherry Hill

Cherry Hill Perennials

Herbaceous perennials form one of the most important parts of the garden. Although the majority reach their height in May and June, there are many which will continue to bloom throughout the season.

There is such an immense range of species and varieties that we do not attempt to grow them all and offer only those which have proved the most hardy and satisfactory for these climatic conditions. We are constantly adding new varieties of merit.

Strong Field Grown Plants of the following varieties are priced at 25 cents each or \$2.50 per dozen unless otherwise noted.

Aconitum fisheri. (Monkshood). These plants have a beautiful foliage of medium green. Flower stems are exceptionally strong and bear large cone-shaped tops of an intense deep blue. September. H. 2 feet.

Aconitum sparksii. Foliage of an intense deep green and flowers the bluest of all aconitums. Choice. July.

Ajuga reptans. (Bugle Plant). Very attractive for its spreading habit and round dark green foliage. Makes a good ground cover for shady places. Flowers a delightful blue. 6 to 8 inches. May and June.

Ajuga r. rubra. Like the above, but foliage is a rich bronze.

Alyssum saxatile compactum. (Gold Tuft). One of the most useful perennials for rock gardens, as it is only 8 to 10 inches high and blossoms in May when color is needed in the garden. Small clusters of bright yellow flowers grouped together, give it its name.

Anchusa italica Dropmore. Very attractive with its bright blue flowers, on strong stems, 3 to 5 feet tall. May and June.

Anchusa myosotidiflora. A very charming little plant with its bright, light blue flowers, much resembling a forget-me-not. May and June. H. 1 foot.

Anemone pulsatilla. (Pasque Flower). A very popular addition to the rock garden, as its height is only from 9 to 12 inches, and its violet tinted flowers during April and May fill a gap when color is much needed.

Aquilegia canadensis. (Columbine). An old favorite with its bright scarlet and yellow flowers. May and June. H. 12 to 15 inches.

Aquilegia chrysantha. Another old-time favorite with its bright yellow coloring and claret tinted tips. Extra good. 18 to 25 inches.

Aquilegia c. Silver Queen. An improved variety with long-spurred silvery white flowers. H. 2 feet.

Aquilegia Crimson Star. A new long-spurred variety of great merit. The sepals and spurs are crimson in contrast to the creamy white center. You will like this new combination. 35 cents each; \$3.00 per dozen.

Spring—summer—autumn—winter. Plant for all seasons.

- Aquilegia, Mrs. Scott Elliot Hybrids.** Blooms of large size and very long spurs. A wide range of colors of lavender, blue, pink, cream, yellow, etc.
- Arabis alpina.** (Rock Cress). Pure white flowers borne profusely during May. H. 6 to 12 inches.
- Armeria rosea.** This rose-pink, free-blooming variety throughout the summer makes it exceptionally attractive and desirable in rock gardens.
- Aster alpinus.** (Rock Aster). An early blooming variety literally covered with fine lavender, daisy-like flowers during May and June. 6 to 8 inches high.
- Aster amellus, King George.** Semi-dwarf, beautiful violet-blue, with deep golden center, 35 cents each, \$3.00 per dozen.
- Aster, Marjorie.** Very dwarf forming mounds of bright rose-pink in September and October.
- Aster novi-belgi, Blue Gem.** Large, full flowers of rich blue, 3 ft.
- Aster, Charles Wilson.** Bright carmine of very pure coloring. New. 35 cents each.
- Aster, Little Boy Blue.** Very free flowering making dense mounds of rich blue. H. 2 feet. 35 cents each.
- Aster, Mount Everest.** Large flowers of pure white borne on strong stems 3 to 4 feet in height. The best white aster. 35 cents each.
- Aster, Red Rover.** A delightful shade of bright carmine-pink. Very distinct.
- Campanula carpatica.** (Carpathian Harebell). One of the most beautiful of the Campanula family. Extra large, deep blue flowers, 2 to 2½ inches across. Blooms profusely in June and September. H. 12 inches.
- Campanula carpatica alba.** A delightful white form of the above.
- Campanula persicifolia.** Beautiful large bell-shaped flowers of an intense deep blue. June and July. H. 2 feet.
- Cerastium tomentosum.** (Snow in Summer). A very pretty plant brought from the Rocky Mountains. Delightful snow-white flowers. Foliage silvery white. H. 12 inches.
- Chelone lyoni.** (Turtle Head). A plant aptly named for its peculiar shaped, bright purplish-red flowers. Quite showy, July, August and September. H. 3 to 4 feet.
- Chrysanthemum—Hardy Garden Varieties.** The following have proved the hardiest of those coming into bloom before the frost reaches us and are our most popular sellers.
- Amelia.** Dwarf growing, making a spreading bush nearly 18 inches in diameter covered with flowers of soft rose-pink. It begins to bloom in August, continuing until frost. In addition to our usual size, we can furnish larger at 50 cents each, \$5.00 per dozen.
- Amelia, Bronze.** Like Amelia in habit but with flowers of bronze-yellow. Very effective in mass or as a low border. A fine novelty. 35 cents each, \$3.50 per dozen.
-

See our collections of lilacs in bloom the last of May.

- Amelia, Red.** A striking new variety of these satisfactory plants. The bushy plants are full of bright crimson flowers from late summer until frost. 50 cents each, \$5.00 per dozen.
- Amelia, White.** Buds tinged pink opening into double white flowers covering a long season. 35 cents each, \$3.50 per dozen.
- Amelia, Yellow.** Resembles the red form except in color which is a rich golden yellow giving a charming effect. 35 cents each, \$3.50 per dozen.
- Astrid.** Hybrid of arcticum which is very hardy. Delightful single pink flowers 3 inches or more in diameter with deep golden centers. Foliage dark green and glossy. October-November.
- Barbara Cumming.** Large clear yellow flowers with bronze center. 3 inches in diameter.
- Clara Curtis.** Dwarf plant literally covered with small soft pink flowers. Gives an exceptionally long season of bloom from mid-summer till fall. A fine novelty. 50 cents each, \$5.00 per dozen.
- Dean Kay.** New. Dwarf, spreading habit. Quantities of small single clear pink flowers bloom for a long period. You will want this in your garden. 75 cents each.
- Early Bronze.** An early, delightful so-called bronze button chrysanthemum, having flowers $1\frac{1}{2}$ to $1\frac{3}{4}$ inches in diameter. Borne in great profusion.
- Jean Cumming.** One of the best of the pure whites. Creamy tinted center. Flowers 2 to $2\frac{1}{2}$ inches across.
- Pink Doty.** One of the best of the large pompon pinks, of good size and strong, healthy habit. October and November.
- Pygmy Gold.** A new dwarf type bearing quantities of small double bright yellow flowers. Blooms from early September until frost. 35 cents each; \$3.50 per dozen.
- Chrysanthemum, Shasta Daisy, Alaska.** A glorified, monstrous white daisy, from $2\frac{1}{2}$ to $3\frac{1}{2}$ inches across. Borne on strong, upright stems. Makes a great group or border. July to October.
- Convallaria majalis.** (Lily of the Valley). Beautiful, delicate, waxy white flowers. Blooms profusely during May. Strong clumps. 35 cents each, \$3.00 per dozen.
- Delphinium belladonna.** (Larkspur). Beautiful, soft blue flowers borne on long cone-shaped spikes. Medium height.
- Delphinium chinensis.** A delicate light blue. Dwarf plant with finely cut foliage. Blossoms during July and September, 12 to 15 inches.
- Delphinium c. alba.** A white form of the above.
- Delphinium hybridum.** Grown from re-selected seed, this is a very choice strain with flowers ranging from the darkest to the lightest blues, making delightful combinations. Large flowers are borne on long spikes. June to September. 5 to 6 feet.
- Delphinium, Summer Cloud.** A beautiful snow-white delphinium. Very hardy and free-blooming. Too much praise cannot be bestowed upon this variety. 40 cents each, \$4.00 per dozen.

- Dianthus barbatus.** (Sweet William). This popular, old-time favorite is still in great demand. Flowers in scarlet, white, maroon, and pink, are borne in large flat heads the entire season. 12 to 15 inches.
- Dianthus plumarius.** (Grass Pink). Light, silvery foliage. Flowers in various shades from flesh-white to deep pink. May and June. 12 to 15 inches.
- Dicentra eximia.** (Fringed Bleeding Heart). A dwarf-growing plant 8 to 10 inches high, having beautiful racemes of bright pink all through the summer.
- Dicentra spectabilis.** (Bleeding Heart). An old-time favorite with peculiar, heart-shaped pink and white blossoms borne in long racemes throughout May and June. H. 2 feet. 40 cents each, \$4.00 per dozen.
- Dictamnus fraxinella.** (Gas Plant). Beautiful deep rose-pink flowers throughout the month of June. Foliage dark green and very attractive. H. 2 to 3 feet. 35 cents each.
- Dictamnus f. alba.** A very attractive white form of the above. 50 cents each.
- Digitalis ambigua.** (Foxglove). This well-known perennial is in bloom throughout June and July, having attractive bright yellow flowers. 18 inches.
- Digitalis gloxinoides.** (Foxglove). A biennial bearing extra long spikes of showy flowers in assorted colors. Foliage large and woolly. H. 3 to 4 feet. Blooming period June to August.

Perennials are attractive all summer.

Euphorbia polychroma. (Cushion Spurge). This forms a bushy plant about 1 ft. high with chrome yellow flower bracts. Very effective as a border or rock plant. May and June. 35 cents each; \$3.00 per dozen.

Gaillardia grandiflora. (Blanket Flower). A very unique, daisy-shaped flower. Yellow with a deep crimson center. Very showy through July to October. 18 inches.

Gaillardia, Ruby. This has the same habit as grandiflora but produces deep red flowers without yellow markings. Blooms nearly all summer. 35 cents each, \$3.00 per dozen.

Geum, Fire Opal. Large double flowers of bright orange-red from June until frost. 2 feet. Hardy and a valuable addition to the garden. 50 cents each. \$5.00 per dozen.

Geum, Mrs. Bradshaw. Attractive double flowers of deep scarlet. H. 12 inches. June and July.

Gypsophila, Bristol Fairy. Considered a big improvement over the old gypsophila. Bears a multitude of pure white flowers all through the summer. 50 cents each.

Gypsophila repens bodgeri. New. A dwarf, trailing form bearing small double flowers of light pink. June to October. 12 inches. 40 cents each, \$4.00 per dozen.

Helenium autumnale. (Sneezewort). Bright yellow flowers, 2 to 2½ inches in diameter. August and September. H. 4 to 6 feet.

Helenium a. rubrum. A later introduction having bright terra-cotta flowers. Much desired. August and September, 3 to 4½ feet.

HEMEROCALLIS—DAYLILY

The new varieties are a great improvement over the familiar garden subjects. Their larger flowers and clear coloring, together with their longer season of blooming, from July to September, add an increased interest to the border.

Anne Betscher. Rich golden yellow flowers in great profusion. H. 3 feet.

George Yeld. Three inner petals of golden yellow and three outer petals of bronze with a yellow midrib. The effect is a blend of bronze and gold. H. 3 feet.

Goldeni. A beautiful smooth, rich orange with bronze undertone. Blooms freely through July. H. 2½ feet.

Hyperion. Very large broad petals of clear canary yellow. The flowers are 5 to 6 inches across. Considered the finest of all. \$1.00 each.

J. A. Crawford. Apricot-yellow which gives the effect of being powdered with pollen. H. 4 feet. July.

Margaret Perry. Deep buff-red with a yellow line running through the center of each petal. H. 3 feet. July.

Mikado. Mellow orange shading into deeper tones of dark red-purple. Of unusual and distinct coloring. \$1.00 each.

H. flava. (Lemon Lily). An old favorite which is excellent for massing. Clear lemon-yellow. June. 2½ feet.

- Heuchera sanguinea.** (Coral Bells). Bright coral-red flowers on long stems. Good for cutting. H. 1 to 2 feet. June to September.
- Hollyhocks.** This popular biennial in single and double mixed of red, pink, yellow, etc.
- Hosta coerulea.** (Plantainlily). Light blue flowers. Foliage of tropical appearance. H. 18 to 24 inches. July to August.
- Hosta subcordata.** Large, pale green, tropical foliage with a mass of waxy white flowers. H. 18 to 24 inches. 50 cents each, \$5.00 per dozen.
- Hosta variegata.** Similar to the above but dwarf-growing with variegated foliage. 6 to 12 inches.
- Iberis sempervirens.** (Hardy Candytuft). Low mounds bearing snow-white flowers in May and June. Excellent for rock gardens. 9 to 12 inches.
- Iberis s. Little Gem.** A dwarf form making neat compact tufts of green covered with white flowers. 35 cents each. \$3.00 per dozen.
- Lavendula vera.** (Sweet Lavender). An old-time favorite bearing small lavender flowers of a delightful aroma. Foliage finely cut, silvery gray. H. 9 to 12 inches. July to September.
- Lilium auratum.** (Gold-banded Lily). Glistening ivory-white, dotted with brownish spots and a gold band through the center of each petal. Fragrant. H. 2 to 3 feet. July and August. 40 cents each, \$4.00 per dozen.
- Lilium candidum.** (Madonna Lily). Beautiful pure white and quite fragrant. A very popular variety. 35 cents each, \$3.50 per dozen. Potted for spring planting. 40 cents each, \$4.00 per dozen.
- Lilium elegans, Shedd Variety.** Upright cup-shaped flowers of brilliant, dark crimson, much superior to L. elegans. July and August. 2 feet. Introduced by us, it is still rare. 50 cents each, \$5.00 per dozen.
- Lilium regale.** (Regal Lily). Considered by experts to be one of the most beautiful ever shown. Ivory-white, trumpet-shaped flowers, with pink shading. Center a handsome canary-yellow. Very fragrant. 30 cents each, \$3.00 per dozen.
- Lilium speciosum.** Strong stems bearing clusters of bright carmine-red flowers. The bulbs are hardy and are fine for group plantings. 3 feet. August to October, 40 cents each, \$4.00 per dozen.
- Lilium tenuifolium.** (Coral Lily). One of the most charming dwarf lilies known to commerce. Numerous flowers of brilliant orange in June. H. 18 inches.
- Limonium latifolium.** (Sea Lavender). Beautiful, delicate lacy flowers of lavender in large heads. H. 2 feet. 30 cents each, \$3.00 per dozen.
- Linum flavum.** (Golden Flax). Foliage light and graceful. Pale yellow flowers all summer. H. 18 inches. 30 cents each, \$3.00 per dozen.

Five or more plants of a single size and variety take the ten rate.

- Linum perenne.** (Hardy Flax). Delightful porcelain-blue flowers borne in abundance throughout midsummer. H. 24 inches.
- Lupinus polyphillus.** (Lupin). Long spikes of delightfully colored flowers. Blue, white, and pink. H. 3 feet. June to September.
- Mertensia virginica.** (Virginia Bluebell). Delicate sky-blue, trumpet-shaped flowers, with an occasional pinkish tint. H. 18 inches. Early May.
- Nepeta mussini.** (Catmint). Growth very dwarf and compact, with a mass of beautiful lavender flowers all through the entire summer. H. 6 inches.
- Oenothera missouriensis.** (Evening Primrose). Very beautiful, deep butter-cup yellow flowers, 2 inches or more across. Delightfully spotted with red. H. 9 to 12 inches. June to September.
- Papaver nudicaule.** (Iceland Poppy). Foliage finely cut and flowers of beautiful yellow, white, and orange, hang gracefully over the entire plant during the summer and fall. H. 12 inches.
- Papaver orientale.** (Oriental Poppy). Large brilliant scarlet flowers, $3\frac{1}{2}$ to $4\frac{1}{2}$ inches across. H. 3 to 4 feet. May and June.
- Papaver o. Mrs. Perry.** Large, handsome salmon-pink blossoms with a delightful apricot shading. Considered the best among the pink varieties. H. 3 feet. May and June.
- Phlox divaricata.** (Canadensis). One of the best of the dwarf-growing, spreading phlox. Bears an abundance of beautiful lilac-blue flowers throughout April and May. Excellent for cutting. H. 8 to 12 inches.
- Physostegia virginica, Vivid.** (False Dragon Head). Erect plants bearing spikes of attractive deep pink in July and August. H. 2 feet.
- Platycodon grandiflora.** (Chinese Balloon Flower). A plant somewhat bushy in growth, bearing numerous soft blue flowers resembling tiny balloons, throughout the summer. H. 2 to 3 feet.
- Platycodon g. alba.** Similar to the above with the exception that the flowers are clear white with purple veinings.
- Platycodon g. mariesi.** A beautiful dwarf variety of the above, bearing delightful blue flowers from June to September. H. 12 inches.
- Primula polyantha.** (Primrose). An attractive form bearing clusters of flowers of yellow, cream, orange, and rose. H. 8 to 12 inches. May and June.
- Pyrethrum hybridum.** (Painted Daisy). Very showy flowers of red, pink and white. June and July. H. 18 inches.
- Pyrethrum, James Kelway.** This strain produces a preponderance of red and dark shades which are very satisfactory. 35 cents each; \$3.00 per dozen.

Evergreens are a fine winter protection for the birds.

Rudbeckia purpurea. (Purple Coneflower). A perennial much used in the border or for a background where a tall-growing plant is needed. Beautiful reddish purple petals with cone-shaped center. H. 3 to 4 feet. July to October.

Scabiosa caucasica. (Mourning Bride). Very beautiful, delicate lilac-blue flowers borne in bunches from June to September. H. 1 to 1½ feet.

Sedum acre. (Gold Moss). An extra good spreading flower for rock gardens. Myriads of tiny flowers form a solid mass of golden-yellow. H. 4 to 6 inches. May and June.

Sedum aizoon. (Great Stonecrop). Of strong growth, producing clumps 18 inches in height with attractive foliage and flat clusters of orange-yellow flowers in June.

Sedum kamschaticum. (Orange Stonecrop). Prostrate-growing foliage and flat heads of delightful golden flowers. June and July.

Sedum sieboldi. (Siebold's Stonecrop). Attractive gray foliage having a red edge. Flowers rose-pink. H. 6 to 9 inches. August, September and October.

Sedum spectabile. (Showy Stonecrop). Very large clusters of rose and purple-colored flowers. Showy indeed. H. 18 to 24 inches. July to September.

Sedum s. Brilliant. This variety bears immense flat heads of rich brilliant flowers. H. 18 to 24 inches.

Sempervivum arachnoideum. (Cobweb sempervivum). A rather odd variety of Houseleek bearing small rosettes of leaves, the tips of which are connected by "cobwebs." Attractive pink flowers. H. 2 to 3 inches.

Sempervivum tectorum. A variety well adapted to growing in thin soil. Broad rosettes, the leaves of which have brownish tips. H. 2½ inches.

Stokesia cyanea. (Corn Flower). A very rugged grower, bearing beautiful azure-blue flowers during the months of July and August. H. 1½ feet.

Teucrium. A dwarf evergreen plant with an abundance of small, silvery green leaves. Makes an excellent edging where box will not thrive. Numerous rose-colored flowers during the fall.

Thymus lanuginosus. (Woolly Thyme). This plant hardly ever grows to a height over 6 to 8 inches, but quite attractive on account of its spreading foliage. Medium pink flowers during July and August.

Thymus serpyllum coccineum. (Crimson Thyme). Dwarf-growing semi-prostrate plants with very fragrant foliage and rosy-purple blossoms. H. 6 inches. July and August.

Visit Cherry Hill in May when the Azaleas are bright in bloom.

Thymus s. album. Dwarf growing semi-prostrate plants with fragrant foliage and white blossoms in July and August. Very attractive for rock gardens and banks. H. 6 inches.

Thymus s. citriodorus. (Lemon Thyme). Forms a green mat of foliage. When crushed, the leaves give off a strong aromatic odor.

Trollius europaeus. (Double Buttercup). Beautiful, large, showy, lemon-yellow flowers, 2 inches across. H. 15 to 18 inches. June and July.

Trollius ledebouri. One of the more recent introductions, growing to a height of about $2\frac{1}{2}$ feet and having large, deep orange-yellow blossoms. Late June and July. 30 cents each, \$3.00 per dozen.

Veronica incana. (Woolly Speedwell). Unique, white woolly plants with very ornamental pale blue flowers. H. 1 to $1\frac{1}{2}$ feet. July and August.

Veronica rupestris rosea. A small, dwarf-growing variety with light rose-colored flowers in May.

Veronica subsessilis. (Clump Speedwell). A variety considered a big improvement over the Longifolia, having darker foliage and being somewhat shorter. Attractive spikes of intense blue, during July and August. H. 2 to 3 feet. 35 cents each, \$3.50 per dozen.

Viola cornuta. (Tufted Pansies). Attractive perennial pansy flowers from early spring until late fall. Clip back old blossoms to induce continuous bloom.

Avalanche. Large white flowers of good habit.

Chantreyland. Very attractive apricot. Large flowers.

Jersey Gem. A beautiful light blue.

Yellow Queen. Golden-yellow flowers of good size.

Viola, Double Russian. Deep purple, double flowers of deep, sweet fragrance. Does well in partial shade. 30 cents each, \$3.00 per dozen.

A large Rhododendron which may be moved to your garden.

A View of our Flower Show.

June Flower Show

JUNE 7th to 23rd

On the first warm days of spring when the grass begins to show the faintest green, the early flowers also appear. From the Forsythias and *Azalea mucronulatum* (the Mongolian Azalea) to the Daphnes, the Mayflower Viburnum, the Magnolias, the white and pink Dogwoods and the flowering Crabapples, the flowers increase at a quickening tempo until June, "the high tide of the year," brings color everywhere.

At this time at Cherry Hill, you are especially invited to our flower show—usually about the tenth to the twenty-fifth of June. Thousands and thousands of Peony blooms are everywhere and you may see Lilacs and many other flowers as well. In our spacious show room, arranged as a garden, are Rhododendrons, Azaleas, and Mountain Laurel along winding woodland paths. Peonies, Iris and many other perennials are growing here, while just outside is the rose garden.

Here you are invited to come and enjoy with us the color and fragrance. You will not be importuned to buy, but may wander as you will.

Planting and Care

For those who wish, we can supply experienced and competent men to plant the trees and shrubs we furnish. For this service a reasonable charge will be made according to the distance from the nursery. Many of the plantsmen have been employed here for fifteen to twenty years and understand the needs of the different classes of plants.

Evergreens and shrubs, when planted near the house, will, in a few years, grow too large for the space assigned them and will mar the effect which was originally intended. Instead of waiting until they are too large and then pruning them drastically, it is much better to give them a light pruning every year. By this method no large branches are cut and the planting will continue for many years improving in value and appearance. These same men are available in the summer and winter months and the cost is slight when compared with the results obtained.

Especially near the house, the soil is oftentimes rather dry and lacking in plant food, and it is better to make a light application of fertilizer every year rather than too much at one time. Any advice we can give you in these matters is part of our service.

Large specimen trees may be moved with safety at almost any time of the year. The modern method of digging with a large ball of earth on the roots ensures the continuous flow of sap through the fine feeding roots. Trees handled in this manner usually continue to grow without any check and make immediate landscape effects. If arrangements can be made to do this in the winter when the ball of earth may be frozen, it will be found the most economical way. The use of a few large specimens with the smaller plants give very pleasing and satisfactory effects. We have measured and tabulated individually a large variety of specimens which we can furnish, and are prepared to give you estimates on your needs without any further obligation on your part. You are cordially invited to visit the nurseries and see the quality of the trees and plants which we are growing at Cherry Hill.

Moving a large Fir in the winter time.

Index of Common and Botanical Names of Trees and Shrubs

Evergreen Trees

Common Names		Botanical Names
Arborvitae	See	Thuya 12-14
Cedar	"	Juniperus 6

[illegible]

We invite your attention to the easy manner in which our nurseries may be reached. We are only 36 miles north of Boston and excellent motor roads from all directions reach our place. From Boston via the Andover turnpike, through Haverhill, or via the North Shore and Newburyport, or over the historic Newburyport Turnpike, turning at Dummer Academy. From the north, down the beautiful Merrimack Valley, and from Maine and the Provinces through Portland and Portsmouth.
